

## **iClaim Screen Package**

The Internet Claim (iClaim) is an online platform that mirrors the MCS format. The public can use iClaim to apply for retirement, wife or husband, and disability insurance benefits. iClaim is institutive and depending on the initial answer, iClaim presents applicants with interactive screens, ensuring they only respond to relevant questions based on his or her situation. iClaim also provides the option to use the retirement application as an application for wife's or husband's benefits. After completing the Internet application, claimants or their third-party respondents can submit it electronically to SSA, avoiding the need to visit an SSA office. **Third-party iClaim respondents** are individuals who complete and submit an online claim for a claimant to create a protective filing. A third-party iClaim respondent cannot electronically sign the online application for the claimant.

**First-party iClaim respondents** are individuals (claimants) who complete the benefit application questions, electronically sign, and submit the application online on their own behalf. Technician will then review the information and contact (if needed) the claimant to submit supplementary supporting documents (e.g., medical evidence for disability benefits applications) to finalize the process.

**Third-party respondents** follow the same process to answer and complete the answers in the Internet application except for 1) providing information about who is filling out the information (see page #5) and 2) signing on behalf of the claimant (see page #33). Upon submission, SSA mails the paper application summary directly to the claimant. The claimant must review, correct any erroneous information, sign the application summary and mail it back to SSA. That process confirms the information and their intent to file for benefits. The application summary also provides instructions for individuals to contact us via telephone to verify and confirm the information instead of mailing the paper version back. If a claimant opts to call us, the technician will attest that he or she spoke to the claimant and provided verbal confirmation of the information (i.e. signature by attestation).

The following screen are specific to the first-party respondents as the third-party screens are the same questions but using a different pronoun when asking the question (e.g., what is your mailing address? vs. what is John Doe mailing address?)

### When to Start Retirement Benefits for John Public

It's your choice when to start retirement benefits. The earlier the date you start your benefits, the smaller your benefit. The later the date you start to receive benefits, the larger your benefit. This is an important decision, with several factors to consider before you choose the month your benefits should start. [More Info](#)

If you have applied for, or are currently receiving, Supplemental Security Income (SSI), you must select the earliest possible month that you are eligible for benefits. An SSI recipient is required to pursue all other benefits when first eligible.

We have an estimator that can show you what your benefit amount will be under various scenarios. You may wish to end this session and go there now. You will be able to return and continue where you left off. The information you have already entered will be saved.
