GENERAL INFORMATION

Purpose: For designated state agencies and OHSEPR-authorized support agencies to request reimbursement for reasonable, allowable, and allocable costs incurred as a result of (1) OHSEPR activation of the State Emergency Repatriation Plan (SERP); (2) Agreement with OHSEPR to support an emergency repatriation operation; or (3) an OHSEPR-approved planning, training, or exercise activity in support of the U.S. Repatriation Program.

Who Should Complete this Form: An authorized representative of the designated state agency or of the OHSEPR-authorized support agency. Only one representative may submit per state.

When to Submit: Reimbursement requests may be submitted on an ongoing basis, but must be submitted no later than 180 days following the deactivation notice date for an emergency repatriation operation or the completion date of the planning, training, exercise activity. If the reimbursement request cannot be submitted within the 180-day period, the state or support agency should submit timely written notification to ACF providing an explanation and requesting an extension.

What to Include:

1. Use this form as a summary sheet to submit a full or partial claim with reasonable, allowable, and allocable expenses incurred (not estimated) by state agencies and/or authorized support agencies. Federal agencies' costs should not be included with the state claim.

2. Reimbursement must be for actual costs and not estimates. Reimbursement is based on supporting documentation (e.g., receipts, signed vouchers, invoices, etc.) which must be sufficient to help the claimant meet its burden of demonstrating the allowability of the cost. Documentation should be provided for both administrative costs and temporary assistance expenses. See instructions below, ACF's Emergency Repatriation Information Memorandum on its website, and 45 CFR Part 75 for more information regarding required documentation.

Where to Send: Requests should be sent to the above address or via e-mail to the designated ACF staff and OHSEPR-AF@acf.hhs.gov.

Disclaimer: Title 18 of the United States Code 1001 states that an individual who "knowingly and willfully - (1) falsifies, conceals, or covers up by any trick, scheme, or device a material fact; (2) makes any materially false, fictitious, or fraudulent statement or representation; or (3) makes or uses any false writing or document knowing the same to contain any materially false, fictitious, or fraudulent statement or entry; shall be fined under this title, imprisoned not more than 5 years...or both."

Reimbursement is contingent upon availability of the U.S. Repatriation Program funds and the allowability of the expenditure under 42 U.S.C. § 1313, the implementing regulations at 45 CFR Parts 211 and 212 and the general grants administration regulations at 45 CFR Part 75 particularly subpart E – Cost Principles.

If any item claimed as expenditure is paid and later canceled, voided, or refunded it should be reported immediately to ACF. The state or support agency should provide a brief explanation of the situation. In addition, the state must issue a check or authorized form of payment to the U.S. Government.

For audit purposes, the state or agency submitting this form must maintain all fiscal records supporting expenditures on this form, including vendor bills, invoices, vouchers receipts, and cleared checks.
