You are invited to participate in a voluntary study to inform improvements to the Annual Survey of Refugees, which is an annual survey that collects information on how refugees adapt to life in the U.S. It is funded by the Office of Refugee Resettlement and is being conducted by two research organizations, the Urban Institute and SSRS.

If you agree, you will answer some questions about you and your family - your education, work, community, and access to help and healthcare. It takes about 45 minutes, but it's sometimes shorter and we will send you a \$30 gift card to thank you for participating.

Before you start, you need to know a few things:

- You don't have to answer any questions you don't want to.
- You can stop the survey at any time.
- The answers you give will be kept private and will not have your name on them.
- Your responses will be combined with those of other refugees for analysis.
- Your decision to participate or not participate in the study will not affect your access to social services and benefits.

Finally, there is very little risk associated with your participation because of the care we take to keep your name and your answers safe. There are no direct benefits to you, but you will help the Office of Refugee Resettlement understand how to improve the Annual Survey of Refugees.

If you have any comments about this survey, you can send your comments to the Office of Refugee Resettlement at asr@acf.hhs.gov or call and leave a message at 202-401-9246.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number for this information collection is 0970-0355 and the expiration date is 10/31/2027
