## Completing the Occupational Employment and Wage Statistics (OEWS) Report Online

You are being asked to report the occupation and wage information about the employees at the location specified after “Report for” in the mailing address for the pay period that included **May 12, 2025**.

We recommend schools upload or email a spreadsheet or report from your payroll system. We prefer Excel files (.xlsx), but can accept almost any file format except executable (.exe) files. You can download a template from [www.bls.gov/respondents/oes/postsecondary-template.xlsx](http://www.bls.gov/respondents/oes/postsecondary-template.xlsx).

- For professors and other instructors (post-secondary educators), include the subject taught or department.
- For educators who work less than full time but receive an annual salary, report the salary and the fraction of full time they work (half, three-quarters, one-third, two-thirds, etc.).
- For adjunct faculty, report their per-credit rate.
- For employees who are not educators, report their hourly wage rates. You can report annual salaries for full-time employees who are not educators.
- If wage rates are recorded differently, such as by the month, convert them to an hourly wage rate.

**IMPORTANT: To protect your data, your session will time out if you spend 30 minutes on a page. A warning will appear when five minutes remain. If you do not click “Stay Connected” to extend your session, your data will be lost and you will have to log in again.**
