

# Completing the Occupational Employment and Wage Statistics (OEWS) Report Online

You are being asked to report the occupation and wage information about the employees at the location specified after “Report for” in the mailing address for the pay period that included **May 12, 2025**.

We recommend schools upload or email a spreadsheet or report from your payroll system. We prefer Excel files (.xlsx), but can accept almost any file format except executable (.exe) files. You can download a template from [www.bls.gov/respondents/oes/postsecondary-template.xlsx](http://www.bls.gov/respondents/oes/postsecondary-template.xlsx).

- For professors and other instructors (post-secondary educators), include the subject taught or department.
- For educators who work less than full time but receive an annual salary, report the salary and the fraction of full time they work (half, three-quarters, one-third, two-thirds, etc.).
- For adjunct faculty, report their per-credit rate.
- For employees who are not educators, report their hourly wage rates. You can report annual salaries for full-time employees who are not educators.
- If wage rates are recorded differently, such as by the month, convert them to an hourly wage rate.

## SAVE TIME! Upload a spreadsheet!

Many schools save time by sending us a spreadsheet or report from their personnel or payroll system. All we need is a column with job titles, a column with wage rates, and a column with pay basis. A column listing department is optional, but helpful, and can reduce the need for follow-up phone calls.

Upload your spreadsheet or other report at
