## **INTRODUCTION**

Mathematica and its research partners, Social Policy Research Associates, and the Council of State Governments Justice Center, are evaluating the Pathway Home Grants program on behalf of the U.S. Department of Labor (DOL). As part of the evaluation, we are asking correctional facilities that have partnered with the Pathway Home grantees to complete a brief survey about their perspective on the implementation of the grants in their facilities.

The survey covers several topics, including the characteristics of your facility, your experiences planning for, and supporting the implementation of the Pathway Home grant, the other services offered in your facility, and a description of the people in custody (inmates, residents).

We will use the results from the survey for research purposes and, after removing your name and contact information, we will provide summary information on the findings across facilities where the Pathway Home grants were implemented. Further, we will not share your responses with your partners.

The survey should take about 20 minutes to complete. If there are questions you are unable to answer, please feel free to draw on the expertise and knowledge of others within your facility.

If you have any questions or concerns as you complete this survey, please contact Betsy Santos at Mathematica at (609) 750-2018 or [BSantos@mathematica-mpr.com](mailto:BSantos@mathematica-mpr.com).
