

APPENDIX B:
FARE PARTICIPANT INTERVIEW GUIDE

Topic Guide for FARE Participant Interviews

In this appendix, we provide a list of topics we will cover during interviews with FARE Navigator participants. Because not all topics will be applicable to all participants, we likely will not cover all topics with each participant. We will tailor the interview guide to participant and program context.

Prior to the interviews, Mathematica will present the following language to each respondent: Public reporting burden for this data collection instrument is estimated to average 60 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting a discussion. This collection of information is voluntary. You are not required to respond to this collection unless it displays a valid OMB control number. Please send comments regarding the burden estimate or any other aspect of this collection of information to: Chief Evaluation Office, U.S. Department of Labor, 200 Constitution Ave. NW, Room S-4307, Washington, DC 20210; reference OMB control number 1290-0043.
