

FY 2025 APPLICATION

# CDFI BOND GUARANTEE PROGRAM

GUARANTEE  
APPLICATION

## Introduction

Under the CDFI Bond Guarantee Program, a Qualified Issuer (QI) that wishes to apply to the CDFI Fund for a Guarantee must submit a Guarantee Application in the form and with the substance that is described herein. A QI must provide all required information in its Guarantee Application to establish that it meets all required criteria to receive a Guarantee and can carry out all Guarantee requirements including, but not limited to, information that demonstrates that the QI has the appropriate expertise, capacity, and experience and is qualified to make, administer and service Bond Loans for Eligible Purposes. To be considered for the issuance of a Guarantee in fiscal year (FY) 2025, Guarantee Applications must be submitted through the CDFI Fund's Award Management Information System (AMIS) by 11:59 p.m. EST on February 24, 2025. Please be aware that Information Technology (IT) support will end at 5:00 p.m. EST that day. The FY 2025 authority to issue a Guarantee is contingent upon Congressional authorization.

The Guarantee Application includes two sections: 1) a "Capital Distribution Plan" for each Bond Issue (QI Portion); and 2) a "Secondary Capital Distribution Plan" for each Eligible CDFI included in the proposed Bond Issue (ECDFI Portion). The Guarantee Application must demonstrate that the QI and the proposed Eligible CDFIs have a feasible plan to successfully repay the Bond (including principal, interest, and, if applicable, call premiums) and Bond Loans according to their respective terms, to the satisfaction of the CDFI Fund. Upon receipt of a Guarantee Application, the CDFI Fund may request additional, clarifying, confirming or supplemental information on the materials submitted as part of the Guarantee Application.

To understand the CDFI Bond Guarantee Program and the roles and responsibilities of the QI, interested parties should review and become familiar with the regulations that govern the program, set forth at 12 C.F.R. 1808 (the Regulations). In addition, Applicants should review and become familiar with the Notice of Guarantee Availability (NOGA) published with respect to FY 2025 QI Applications and Guarantee Applications. Please note that, like prior years, all Applicants will be required to certify that they, and their respective counsel, have read and understand the Regulations and all the Bond and Bond Loan Documents. The Regulations, templates of Bond and Bond Loan Documents, and NOGA are found on the [CDFI Fund's website](#). Capitalized terms in the Guarantee Application are defined in the Regulations.

For purposes of the Guarantee Application, the term "Applicant" also refers to the Qualified Issuer, any Affiliates, and third-party entities (i.e., the Program Administrator and the Servicer) that seek to participate in performing the duties of the QI under the proposed Guarantee, as well as each proposed Eligible CDFI, including Affiliates of Controlling CDFI(s) as described in the NOGA, which seek to participate in the Bond Issue.

QI Applications submitted with Guarantee Applications will have priority for review over QI Applications submitted without Guarantee Applications. However, the CDFI Fund will not recommend a Guarantee Application for approval until it has determined that the entity proposing to serve as the QI meets the requirements of the Regulations.

The Guarantee Application must contain all required documentation. In addition to information regarding the QI (and its Program Administrator and Servicer), certain documentation must be submitted regarding each proposed Eligible CDFI. Note that Guarantee Applications that were

received in FY 2024, that were neither withdrawn nor declined, and that were continued into FY 2025, pursuant to the 2025 NOGA, will require certain sections to be resubmitted following the guidelines from the CDFI Bond Guarantee Program.

This document provides the format, document organization, naming conventions, and description of requested documentation for QIs and proposed Eligible CDFIs to be submitted as part of the Guarantee Application. The Guarantee Application must follow the standardized naming conventions and file organization detailed below.

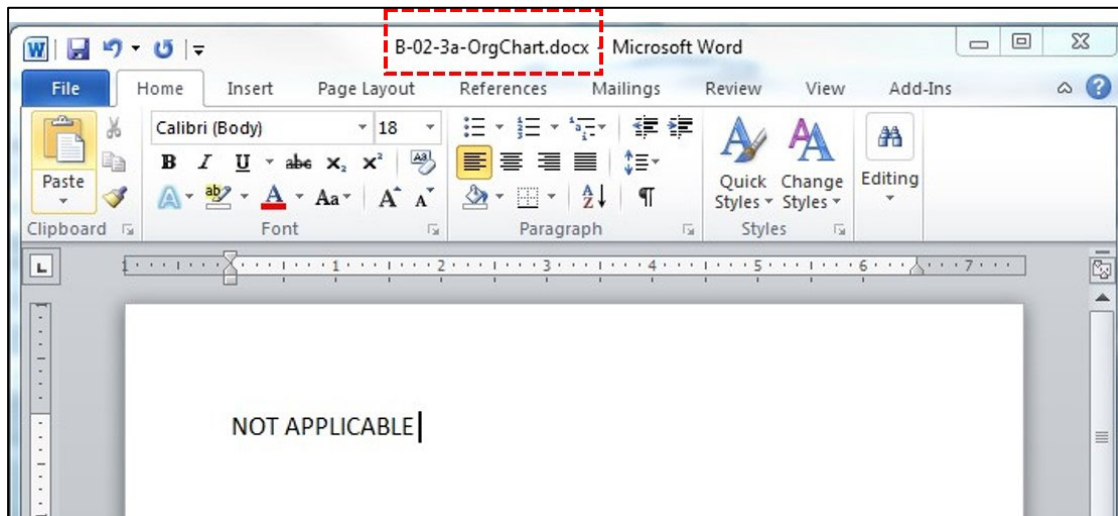

Under the Paperwork Reduction Act (44 U.S.C. chapter 35), an agency may not conduct or sponsor a collection of information, and an individual is not required to respond to a collection of information, unless it displays a valid Office of Management and Budget (OMB) control number. Pursuant to the Paperwork Reduction Act, the Guarantee Application has been assigned the following control number: 1559-0044.

## Document Format

Documentation should be submitted in unprotected Microsoft Excel, Adobe PDF, or other mediums as appropriate. Narratives must be submitted in Adobe PDF format in single-spaced, 12 point Arial or Times New Roman font. **Please follow the file naming conventions and descriptions listed in this document.**

## Missing or Not Applicable Documentation

If a specific document is not applicable or otherwise not available, the Applicant must submit a placeholder file stating that the requested document is “Not Applicable”, as appropriate, in place of the file. **The Applicant must also include a brief description of why such documentation is not applicable or not available.** The placeholder file must retain the naming convention of the respective file it was meant to replace. A document must be submitted for each item listed in this document. See Figure 1 for an example.

**Figure 1: Sample Documentation Stating Not Applicable**

## Document Organization and Submission

All Guarantee Applications must be submitted via the CDFI Fund's Awards Management Information System (AMIS), and all documents must be uploaded according to the file structure specified in each section. Note that a Guarantee Application submission is divided in two portions: (1) a Qualified Issuer (QI) portion, and (2) one or more Eligible CDFI portions. Applications sent by mail, fax, or other form will not be permitted, except in circumstances that the CDFI Fund, in its sole discretion, deems acceptable. Please note that Applications will not be accepted through Grants.gov.

Each Qualified Issuer applicant, its proposed Program Administrator, its proposed Servicer, and each Certified CDFI and Eligible CDFI that is included in the Guarantee Application must register User and Organization accounts in AMIS. Each such entity must be registered as an organization and register at least one (1) User Account in AMIS. As AMIS is the CDFI Fund's primary means of communication with applicants regarding its programs, each such entity must make sure that it updates the contact information in its AMIS account before any Application is submitted. For more information on AMIS, please visit the AMIS Landing Page at <https://amis.cdfifund.gov/>.

Eligible CDFIs may consider granting the Qualified Issuer access as a User to its organization so that the QI can monitor the progress of the application process. Once completed, the Applicant can login to its account and choose "Guarantee Application, Qualified Issuer Portion" or "Guarantee Application, Eligible CDFI Portion" from the list of possible applications.

The files for the Qualified Issuer of the proposed Bond Issue should be uploaded under the application entitled "Guarantee Application, Qualified Issuer Portion" and the files for each Eligible CDFI should be uploaded separately under "Guarantee Application, Eligible CDFI Portion." The files for the Qualified Issuer should be titled "QI Abbreviation-Section-File Name" (e.g.: QI-4-Statement of Proposed Sources and Uses of Funds). Each Eligible CDFI within the proposed Bond Issue should have its own dedicated set of files, which should be titled "Eligible CDFI

Abbreviation-Section-File Name” (e.g.: CDFI Abbreviation-3-Secondary Capital Distribution Plan Narrative).

**Begin with the QI portion and continue with the Eligible CDFI portion of the Guarantee Application.**

Carefully follow the instructions found in AMIS, as contained in the ‘User Guide for Applications to the CDFI Bond Guarantee Program (For External Users)’ published along with this Application document and upload the application documents following the naming conventions and descriptions listed below. Applications shall be submitted via AMIS, and all documents must be uploaded according to the specified file structure.

**NOTE: AMIS cannot accept files larger than 25MB. If any file is larger than 25MB, please adjust the file size and upload multiple documents to fulfill the requested document requirement (multiple files may be submitted at the same time for each file requirement).**

Each portion of the Guarantee Application process is completed by reading an Attestation and submitting an electronic “Signature Page.” Once submitted, the Applicant will not be able to make any edits to the application materials unless granted express permission and requested to do so by the CDFI Fund. Once the Signature Page has been submitted, the Applicant should print a copy of the Submission Status Page, which will include a Control Number, and retain this for its records. The Authorized Representative and/or Application Point of Contact will receive email correspondence from the system regarding the application status.

**The Guarantee Application Number follows the format GA-##### and the ECDFI Control Number follows the format #-BGA-#####.**

Applicants who require assistance or have any questions, should call (202) 653-0421 and select Option 5, or email [BGP@cdfi.treas.gov](mailto:BGP@cdfi.treas.gov).
