

**SUPPORTING STATEMENT FOR
PETITION FOR U NONIMMIGRANT STATUS
OMB Control No.: 1615-0104
COLLECTION INSTRUMENT(S): Form I-918 and
I-918 Supplements A and B**

A. Justification

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information.**

An alien who has suffered direct and proximate harm as a result of the commission of qualifying criminal activity (one or more of the following or any similar activities in violation of Federal, state, or local criminal law of the United States: rape; torture; trafficking; incest; domestic violence; sexual assault; abusive sexual contact; prostitution; sexual exploitation; female genital mutilation; being held hostage; peonage; involuntary servitude; slave trade; kidnapping; stalking; fraud in foreign labor contracting (18 U.S.C. 1351) abduction; unlawful criminal restraint; false imprisonment; blackmail; extortion; manslaughter; murder; felonious assault; witness tampering; obstruction of justice; perjury; or attempt, conspiracy, or solicitation to commit any of the above-mentioned crimes). A qualifying family member may also file a petition to obtain U nonimmigrant status under 8 CFR 214.14 and the Violence Against Women Reauthorization Act of 2013.

The U nonimmigrant classification provides temporary immigration benefits, potentially leading to permanent resident status, to certain victims of criminal activity who: suffered substantial mental or physical abuse as a result of having been a victim of criminal activity; have information regarding the criminal activity; and assist government officials in investigating and prosecuting such criminal activity.

This information collection allows the victim, or those assisting the victim, to provide the information that would allow U.S. Citizenship and Immigration Services (USCIS) to assess whether or not the petitioner meets the eligibility requirements stated under sections 214.14 and 212.17 of 8 CFR.

Executive Order (EO) 14168, “Defending Women From Gender Ideology Extremism And Restoring Biological Truth To The Federal Government,” states that it is the policy of the United States to recognize two sexes, male and female and these sexes are not changeable. See 90 FR 8615 (Jan. 20, 2025). The EO instructs agencies, including the Department of Homeland Security (DHS), USCIS, to give the terms “sex”, “male”, “female”, “men”, “women”, “boys” and “girls” the meanings set forth in section 2 of the EO when interpreting or applying statutes, regulations, or guidance and in all other

official agency business, documents, and communications. Per section 3 of the EO, all agencies, including USCIS, shall use the term “sex” and replace “gender” with “sex” in all applicable information collections. USCIS information collections that require an individual’s sex shall list “male” or “female” and shall not request gender identity.

This collection of information is necessary to comply with Section 2 and Section 3 of the EO. USCIS will update its forms and systems to reflect the EO definitions when collecting information from individuals who submit immigration benefit requests. USCIS, as a component of DHS, has the following statutory and regulatory authorities, to collect information from applicants for immigration benefits, to secure the homeland and prevent terrorism:

- The Homeland Security Act, 2002, P.L. 107-296;
- The Intelligence Reform and Terrorism Prevention Act (IRTPA) of 2004, P.L. 108-458;
- Implementing Recommendations of the 9/11 Commission Act of 2007 (“The 9/11 Act”), P.L. 110-53;
- The Immigration and Nationality Act, as amended;
- Title 8 of the U. S. Code; and
- Title 8 of the Code of Federal Regulations.

2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.

This petition permits victims of certain qualifying criminal activity to petition for temporary nonimmigrant classification for themselves and certain immediate family members. The petition is divided into three parts: Forms I-918, Petition for U Nonimmigrant Status; I-918 Supplement A; and I-918 Supplement B. The principal petitioner must complete the Form I-918 to apply for temporary immigration status. The principal petitioner must complete Form I-918 Supplement A to petition for derivative status for a qualifying immediate family member. A certifying official of a certifying agency (which must be a Federal, state, or local law enforcement agency, prosecutor, judge, or other authority, that has responsibility for the investigation or prosecution of a qualifying criminal activity) must complete the Form I-918 Supplement B, at the petitioner’s request, to attest to the petitioner’s claim of being a victim of certain qualifying criminal activity and being helpful in the investigation or prosecution of the criminal activity. Section 214(p)(1) of the Immigration and Nationality Act (INA) requires the petitioner to submit such certification to USCIS. The information on all three parts of the form will be used to determine whether the petitioner and the petitioner’s family members meet the eligibility requirements for benefits under 8 CFR 212.17 and 214.14.

To meet the standards of EO 14168, Section 2 and 3, USCIS will update Form I-918 to reflect the EO definitions when collecting information from individuals who submit

immigration benefit requests. An individual's sex is a biographic identifier and data element used to help USCIS confirm an individual's identity both as it relates to the submitted immigration benefit request and to other records.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

The use of these forms provides the most efficient means for collecting and processing the required data. The forms and its supplements, as well as the instructions, can be accessed electronically by visiting USCIS' Website at www.uscis.dhs.gov, keyword search "Form I-918." The forms, along with the required supporting documentation, must be mailed to the USCIS office that has jurisdiction over the respondent. USCIS is in the process of converting forms to be electronically accessed, completed, and submitted by the respondent. At this time, there is no finalized timeframe for the form being submitted to be converted to the electronic environment but USCIS will provide an update when the information becomes available.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

A review of USCIS Forms Inventory Report revealed no duplication of efforts, and there is no other similar form currently available that can be used for this purpose. This collection of information is unique to USCIS and is not conducted elsewhere. Any information that is shared with other agencies, or any information collected by other agencies that is used by USCIS to adjudicate the benefit sought in this collection, is notated in Question 2 above.

- 5. If the collection of information impacts small businesses or other small entities (Item 5 of OMB Form 83-I), describe any methods used to minimize burden.**

This collection of information does not have an impact on small businesses or other small entities.

- 6. Describe the consequence to Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.**

If the form is not approved, there is no other tool USCIS may use to determine whether the alien was a victim of certain criminal activity and otherwise qualifies for U nonimmigrant status.

7. Explain any special circumstances that would cause an information collection to be conducted in a manner:

- **Requiring respondents to report information to the agency more often than quarterly;**
- **Requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;**
- **Requiring respondents to submit more than an original and two copies of any document;**
- **Requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;**
- **In connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;**
- **Requiring the use of a statistical data classification that has not been reviewed and approved by OMB;**
- **That includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or**
- **Requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.**

This information collection is conducted in a manner consistent with the guidelines in 5 CFR 1320.5(d)(2).

8. If applicable, provide a copy and identify the data and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.

Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.

Consultation with representatives of those from whom information is to be obtained or those who must compile records should occur at least once every 3 years - even if the collection of information activity is the same as in prior periods. There may be circumstances that may preclude consultation in a specific situation. These circumstances should be explained.

USCIS is submitting a non-substantive change to a currently approved collection request to OMB. Publication of Federal Register Notices is not required.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

USCIS does not provide any payment for benefit sought.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation or agency policy.

The Privacy Act of 1974 (Public Law 93-589) sets forth requirements for Federal agencies when they collect, maintain, or disseminate information about individuals. The Act requires Federal agencies to (a) collect minimal information necessary on individuals; (b) safeguard the information; and (c) allow individuals to inspect and correct erroneous information. Under 8 U.S.C. Section 1367 and 8 CFR Section 214.14, the respondent is informed that the information provided in the petition package is confidential and that it will only be used to determine eligibility and to enforce penalties for false statements. Further, the respondent is informed that the information will be released only as necessary to investigate the claim and to determine an applicant's eligibility for the requested benefit. A Privacy Threshold Analysis has been completed.

A Privacy Impact Analysis is required and includes **DHS/USCIS/PIA-016(a) Computer Linked Application Information Management System (CLAIMS 3) and Associated Systems**

Also, a System of Records Notice is required and includes:

- DHS/USCIS/ICE/CBP-001 – Alien File, Index, and National File Tracking System of Records, September 18, 2017, 82 FR 43556;
- DHS/USCIS-007 - Benefits Information System October 19, 2016 81 FR 72069; and
- DHS/USCIS-018 Immigration Biometric and Background Check (IBBC) System of Records, July 31, 2018, 83 FR 36950.

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is

requested, and any steps to be taken to obtain their consent.

There are questions of sensitive nature. To be eligible for a U visa, a petitioner must be the victim of a qualifying criminal activity. Some of the qualifying criminal activities may be sexual in nature, such as rape, domestic violence, felonious assault, sexual assault, and prostitution, among others. Questions on these forms include requesting information about the crime, victimization, and injuries suffered. The forms also ask standard questions about the petitioner’s criminal history, drug use, and medical issues. These questions are necessary as they help USCIS to reach a determination as to whether the petitioner has met the eligibility requirements necessary to obtain U nonimmigrant status and if the petitioner is admissible to the United States.

12. Provide estimates of the hour burden of the collection of information. The statement should:

- **Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated. Unless directed to do so, agencies should not conduct special surveys to obtain information on which to base hour burden estimates. Consultation with a sample (fewer than 10) of potential respondents is desirable. If the hour burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated hour burden, and explain the reasons for the variance. Generally, estimates should not include burden hours for customary and usual business practices.**
- **If this request for approval covers more than one form, provide separate hour burden estimates for each form and aggregate the hour burdens in Item 13 of OMB Form 83-I.**
- **Provide estimates of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14.**

Information Collection Hour Burden Estimate								
		A	B	$C = A \times B$	D	$E = \frac{C \times D}{D}$	F	$G = E \times F$
Respondent Type	Form Name/ Form Number	No. of Respondents	No. of Responses per Respondent	Total No. of Responses	Avg. Burden per Response, in hours	Total Annual Burden, in hours	Avg. Hourly Wage Rate, in dollars	Total Annual Respondent Cost, in dollars

Individuals or households	Petition for U Nonimmigrant Status, I-918	28,500	1	28,500	4.92	140,220	43.44	6,091,195
Individuals or households	Petition for Qualifying Family Member of a U-1 Nonimmigrant, I-918A	19,900	1	19,900	1.25	24,875	43.44	1,080,577
State, local, or Tribal Government; Federal Government	U Nonimmigrant Status Certification, I-918B	28,500	1	28,500	1.42	40,470	47.43	1,919,299
Individuals or households	Biometric Processing	48,400	1	48,400	1.17	56,628	43.44	2,459,936
Total				125,300		262,193		11,551,007

* The above Average Hourly Wage Rate is the [May 2022 Bureau of Labor Statistics](#) average wage for All Occupation of \$29.76 times the wage rate benefit multiplier of 1.46 (to account for benefits provided) equaling \$43.44. The selection of “All Occupations” was chosen because respondents to this collection could be expected from any occupation.

The above Average Hourly Wage Rate for Law Enforcement Workers is \$32.49 times the wage rate benefit multiplier of 1.46 (to account for benefits provided) equaling \$47.43. The selection of “All Occupations” was chosen because respondents to this collection could be expected from any occupation.

13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

- **The cost estimate should be split into two components: (a) a total capital and start-up cost component (annualized over its expected useful life); and (b) a total operation and maintenance and purchase of services component. The estimates should take into account costs associated with generating, maintaining, and disclosing or providing the information. Include descriptions of methods used to estimate major cost factors including system and technology acquisition, expected useful life of capital equipment, the discount rate(s), and the time period over which costs will be incurred. Capital and start-up costs include, among other items, preparations for collecting information such as purchasing computers and software; monitoring, sampling, drilling and testing equipment;**

and record storage facilities.

- **If cost estimates are expected to vary widely, agencies should present ranges of cost burdens and explain the reasons for the variance. The cost of purchasing or contracting out information collection services should be a part of this cost burden estimate. In developing cost burden estimates, agencies may consult with a sample of respondents (fewer than 10), utilize the 60-day pre-OMB submission public comment process and use existing economic or regulatory impact analysis associated with the rulemaking containing the information collection, as appropriate.**
- **Generally, estimates should not include purchases of equipment or services, or portions thereof, made: (1) prior to October 1, 1995; (2) to achieve regulatory compliance with requirements not associated with the information collection; (3) for reasons other than to provide information or keep records for the government; or, (4) as part of customary and usual business or private practices.**

There is no cost burden to respondents for actually responding to this information collection (e.g., start-up, maintenance, and operating costs associated with completing the paperwork). There is no fee charge for this information collection. For informational purposes only, there is an \$85 biometrics services fee charged to applicants that file Form I-918.

This information collection may impose some out-of-pocket costs on respondents in addition to the time burden for the form's preparation. Costs may include payments for document translation and preparation services, attorney and legal fees, postage, and costs associated with gathering documentation. USCIS estimates the average cost of this information collection may vary widely, from as little as \$20 to \$1,000 per respondent. USCIS estimates that the average cost for these activities is \$32 for I-918, I-918A and I-918B respondents, and \$29 for biometrics respondents. 100 percent of the total respondent population may incur this cost.

Out-of-pocket Cost to Respondent			
	A	B	D = A x B x C
Instrument	Respondents	Per Respondent Cost, in dollars	Total Out-of-Pocket Cost, in dollars
I-918	28,500	31.95	910,575
I-918A	19,900	31.95	635,805
I-918B	28,500	-	-
I-918 Biometrics	48,400	-	-
Total Est. Cost		64	1,546,380

14. Provide estimates of annualized cost to the Federal government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Cost to Government						
	A	B	C	D	E	F = A (B + C x D + E)
Instrument	Respondents	USCIS Fee, in dollars	Adjudication Hours	Avg. Hourly Rate, in dollars	Other Government Costs	Total, in dollars
I-918	28,500	-	5	46	-	6,593,770
I-918A	19,900	-	2	46	-	1,381,221
I-918B	28,500	-	1	46	-	1,318,754
I-918 Biometrics	48,400	-	2	46	-	4,479,136
Total Est. Cost						13,772,881

15. Explain the reasons for any program changes or adjustments reporting in Items 13 or 14 of the OMB Form 83-I.

To meet the standards of EO 14168, Section 2 and 3, USCIS will update Form I-918 to reflect the EO definitions when collecting information from individuals who submit immigration benefit requests. USCIS shall use the term “sex” and replace “gender” with “sex” in all applicable information collections. USCIS information collections that require an individual’s sex shall list “male” or “female” and shall not request gender identity. USCIS is reporting no change to the estimated annual hour burden and estimated annual cost burden to respondents for this information collection as a result of this action.

16. For collections of information whose results will be published, outline plans for tabulation, and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

This information collection will not be published for statistical purposes.

17. If seeking approval to not display the expiration date for OMB approval of the

information collection, explain the reasons that display would be inappropriate.

USCIS will display the expiration date for OMB approval of this information collection.

- 18. Explain each exception to the certification statement identified in Item 19, “Certification for Paperwork Reduction Act Submission,” of OMB 83-I.**

USCIS does not request an exception to the certification of this information collection.

B. Collections of Information Employing Statistical Methods.

There is no statistical methodology involved with this collection.
