		[Accordion]	Physical Presence Requirements		
		Physical Presence Requirements	Certain applicants must meet physical presence requirements in the United States. Physical presence refers to the number of days you must be physically present in the United States during the period of continuous residence required before you file Form N-400.		
			In general, you must have been physically present in the United States for a period or periods totaling at least half of the required continuous residence period. We will count the day that you depart from the United States and the day you return as days of physical presence within the United States for naturalization purposes.		
			The following are common bases of eligibility for naturalization, and if applicable, how long a person eligible under those provisions must have been present in the United States: • If you have been a lawful permanent resident for 5 years (general provision), then you must have been present in the United States for 30 months (913 days) during the past 5 years. • If you are the spouse of a U.S. citizen, then you must have been present in the United States for 18 months (548 days) during the past 3 years.		
			• If you were a member of the U.S. armed forces for at least 1 year but did not serve during a designated period of hostilities and separated from service more than 6 months before applying for		
			naturalization, then you must have been present in the United States for 30 months (913 days) during the past 5 years. • If you are a U.S. Government employee or contractor outside the United States, then you must have been present in the United States for 30 months (913 days) during the past 5 years.		
			• If you are employed outside the United States in a religious vocation, then you must have been present in the United States for 30 months (913 days) during the past 5 years.		
			 If you are employed by or under contract with the Chief of Mission (Department of State) or the U.S. armed forces as an interpreter, translator, or in a security-related position (executive or manager), then you must have been present in the United States for 30 months (913 days) during the past 5 years. If you are a U.S. national, then you must have been present in the United States for 30 months (913 days) during the past 5 years. 		
			- if you are a o.s. haddhai, then you must have been present in the officed states for so months (313 days) during the past 3 years.

	[Accordion continued] Physical Presence Requirements	There is no physical presence requirement (and no requirement to file Form N-470) if you are applying as: • A currently serving member of the U.S. armed forces or a former service member who separated from service within 6 months of applying for naturalization; • A former service member who served in an active-duty status in the U.S. armed forces or as a member of the Selected Reserve of the Ready Reserve during a designated period of hostilities; • The spouse of a U.S. citizen currently residing outside the United States, if your spouse is employed outside the U.S. in a religious vocation or by the U.S. Government, an American institution of research, certain American firms or corporations, or certain public international organizations; or • An employee of a U.S. nonprofit organization that principally promotes the interests of the United States outside the United States through the communications media. Note: Time spent outside the United States in the U.S. armed forces counts as time spent in the United States. Note: If you are a U.S. Government employee or contracter outside the United States, you are exempt from the physical presence requirement, if you have an approved Form N-470. You must have had 1 year of uninterrupted physical presence before you filed Form N-470. Note: If you are employed in a religious vocation, with an approved Form N-470, your time outside the U.S. counts as time in the United States. You must have 1 year of uninterrupted physical presence in the United States before you file Form N-400. Note: Your entire period outside the United States may count as physical presence in the United States if you are engaged in qualifying employment for any portion of the period outside the United States. Note: Time in American Samoa or Swains Island counts as time in the United States.			
	[Accordion] Good Moral Character	Good Moral Character Good Moral Character (GMC) means character that measures up to the standards of average citizens of the community in which the applicant resides. In general, an applicant must show that he or she has been and continue to be a person of GMC during the required period (for example, 5 years if you are applying based on 5 years as a lawful permanent resident or 3 years if you are applying as the spouse of a U.S. citizen) prior to filing and up to the time of the Oath of Allegiance.			
	[Accordion] Naturalization Testing and Exceptions	Naturalization Testing and Exceptions Almost all applicants for naturalization must take a naturalization test to demonstrate that they are able to read, write, speak, and understand English, and that they have a basic knowledge of civics (U.S. history and government). You do not have to take the English reading, writing, speaking and understanding test, and you can take the civics test in a language of your choice if at the time you		First Link: www.uscis.gov/citizenship

If you are 65 years of age or older and have been a lawful permanent resident for at least 20 years, you may take a simplified version of the civics test. Learn more about the civics test here. You may be eligible for an exception to the English language test or civics test or both if you have a physical or developmental disability or mental impairment that has lasted, or is expected to last, 12 months or more. If you are requesting a medical exception to the English language and civics tests, answer "Yes" to the question in the Requests for Accommodations page in the About You section. You will also need to submit a completed Form N-648, Medical Certification for Disability Exceptions, with your Form N-400. You can find and download Form N-648 here. Note: If you need an interpreter and you qualify for an exception to the English part of the test, you must bring an interpreter to the interview. Legal Guardian, Surrogate, or Designated Representative If you cannot undergo any part of the naturalization process because of a physical or developmental disability or mental impairment, you may have a legal guardian, a surrogate, or an eligible designated representative complete the naturalization process for you. Oath of Allegiance If USCIS approves your application, you must take the Oath of Allegiance to become a U.S. citizen. In limited cases, you may take a modified Oath.		Second link: www.uscis.gov/N-648	
	Oath of Allegiance	Modification to the Oath You may request a modification to portions of the Oath requiring you to bear arms on behalf of the United States or perform noncombatant service in the U.S. armed forces if you have a religious or conscientious objection to those portions. You may not request a modification to the portion of the Oath requiring you to perform work of national importance under civilian direction. You may provide, but we do not require, an attestation from an organization, a witness statement, or any other evidence to support your objection to bear arms or perform noncombatant service. Affirmation You may request to substitute the words "solemnly affirm" for the words "on oath" and omit "so help me God." You may request this affirmation instead of an Oath for any reason without documentation. Oath Waiver You may receive a waiver of the Oath of Allegiance if you are unable to understand or to communicate an understanding of the meaning of the Oath because of a physical or developmental disability or mental impairment.
