**Safer Choice Program: Product and Ingredient Submissions in the Safer Choice
Community Cloud-based Salesforce System**

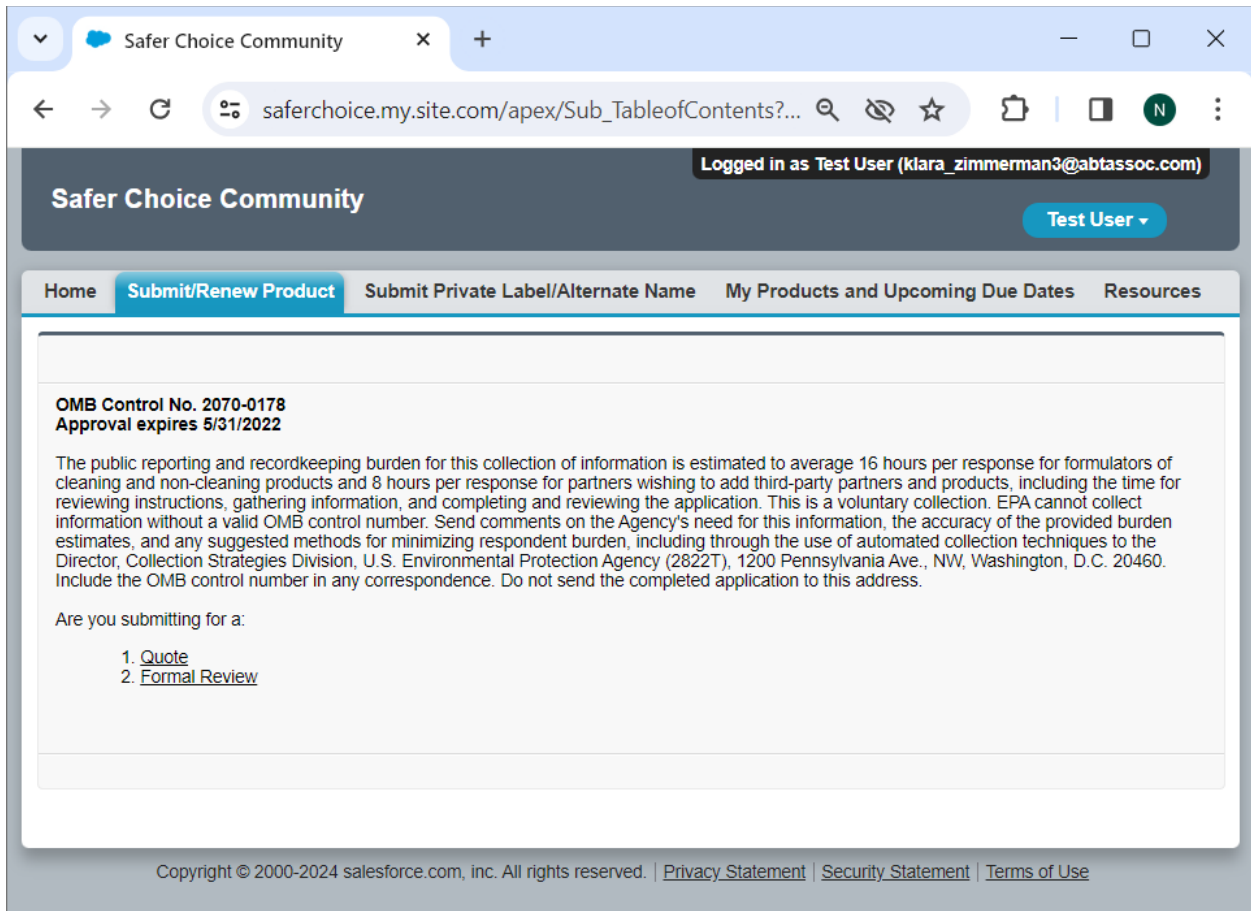

**OMB Control No. 2070-0221
Approval expires 5/31/2025**

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2070-0221). Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 16 hours per response for formulators of cleaning and non-cleaning products establishing Partnership Agreements with Safer Choice, 11 hours per response for formulators undergoing partnership renewals and audits, and eight hours per response for partners wishing to add third-party partners and products, including the time for reviewing instructions, gathering information, and completing and reviewing the application. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Information Engagement Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Following are screenshots from the Product and Ingredient Submission forms in the Safer Choice Community cloud-based Salesforce data system. Please refer to Section 12b, IC #1 for a full list of data items collected. Note that the specific details of the screenshots may change over time as the Safer Choice program improves and/or modifies the system. However, the general and fundamental components of the Salesforce system will be similar to what is presented in the following screenshots.

Product Submissions

Quote or a Formal Review Page

The respondent may choose to submit for a Quote or a Formal Review. The following screenshots show the Formal Review submission, which is the more comprehensive option and requires some information that the Quote submission does not.

Quick Tips and Table of Contents Page

The screenshot shows a web browser window with the URL `saferchoice.my.site.com/Sub_TableofContents`. The page is titled "Safer Choice Community" and shows a user logged in as "Test User (klara_zimmerman3@abtassoc.com)". The navigation menu includes "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", and "My Products and Upcoming Due Dates".

At the top of the content area, there is a "Next Page" button. Below it is a section titled "Quick Tips" with a list of 8 instructions:

1. If your organization has required that you have a **non-disclosure agreement** in place before releasing formulation information to third party profilers, please make sure to finalize an agreement before you begin the submission process.
2. Use the latest version of a modern web browser.
3. If you need help, click on the Resources tab.
4. **If you need to move between sections, use the "Previous Page" and "Next Page" buttons at the top of the page rather than your browser's navigation arrows (clicking the back arrow may sign you out of the system).**
5. Save your submission often.
6. **Red text** in the submission form means that field is required to submit.
7. Be ready to upload SDSs for each ingredient in the formulation and the final product, packaging sustainability, packaging ingredients, ingredient disclosure, performance, and the product label. If you need to add more attachments and/or notes, you may do so on the submission summary page once all other information has been entered and saved.
8. If you submit for a quote, you will be able to return to the system and edit the product prior to submitting for a review. Once a product or ingredient is submitted to a third party profiler for review, you will no longer be able to edit or delete it.

Below the tips is a section titled "Navigate to Specific Section:" with a list of links and descriptions:

- [Company Information](#) - Click here to enter your headquarters address, manufacturing address(es), etc.
- [Contact Information](#) - Click here to enter your contact information and contact information for other involved parties at your company
- [Product Information](#) - Click here to enter your product name, UPCs, production volume, and product uses
- [Product Characteristics](#) - Click here to enter general product chemistry and regulatory information, such as flashpoint, VOCs, GHS labeling, and direct release status
- [Packaging](#) - Click here to enter information about the packaging for your product (materials, sustainability, etc.)
- [Formulation](#) - Click here to enter your product's formulation, including ingredient trade names, suppliers, CAS#, and ingredient SDSs
- [Attachments](#) - Click here to add the product label, ingredient disclosure, packaging letters, performance data, and product SDSs

At the bottom of the content area, there is another "Next Page" button. The footer contains the text: "Copyright © 2000-2024 salesforce.com, inc. All rights reserved. | [Privacy Statement](#) | [Security Statement](#) | [Terms of Use](#)"

Company Information Page

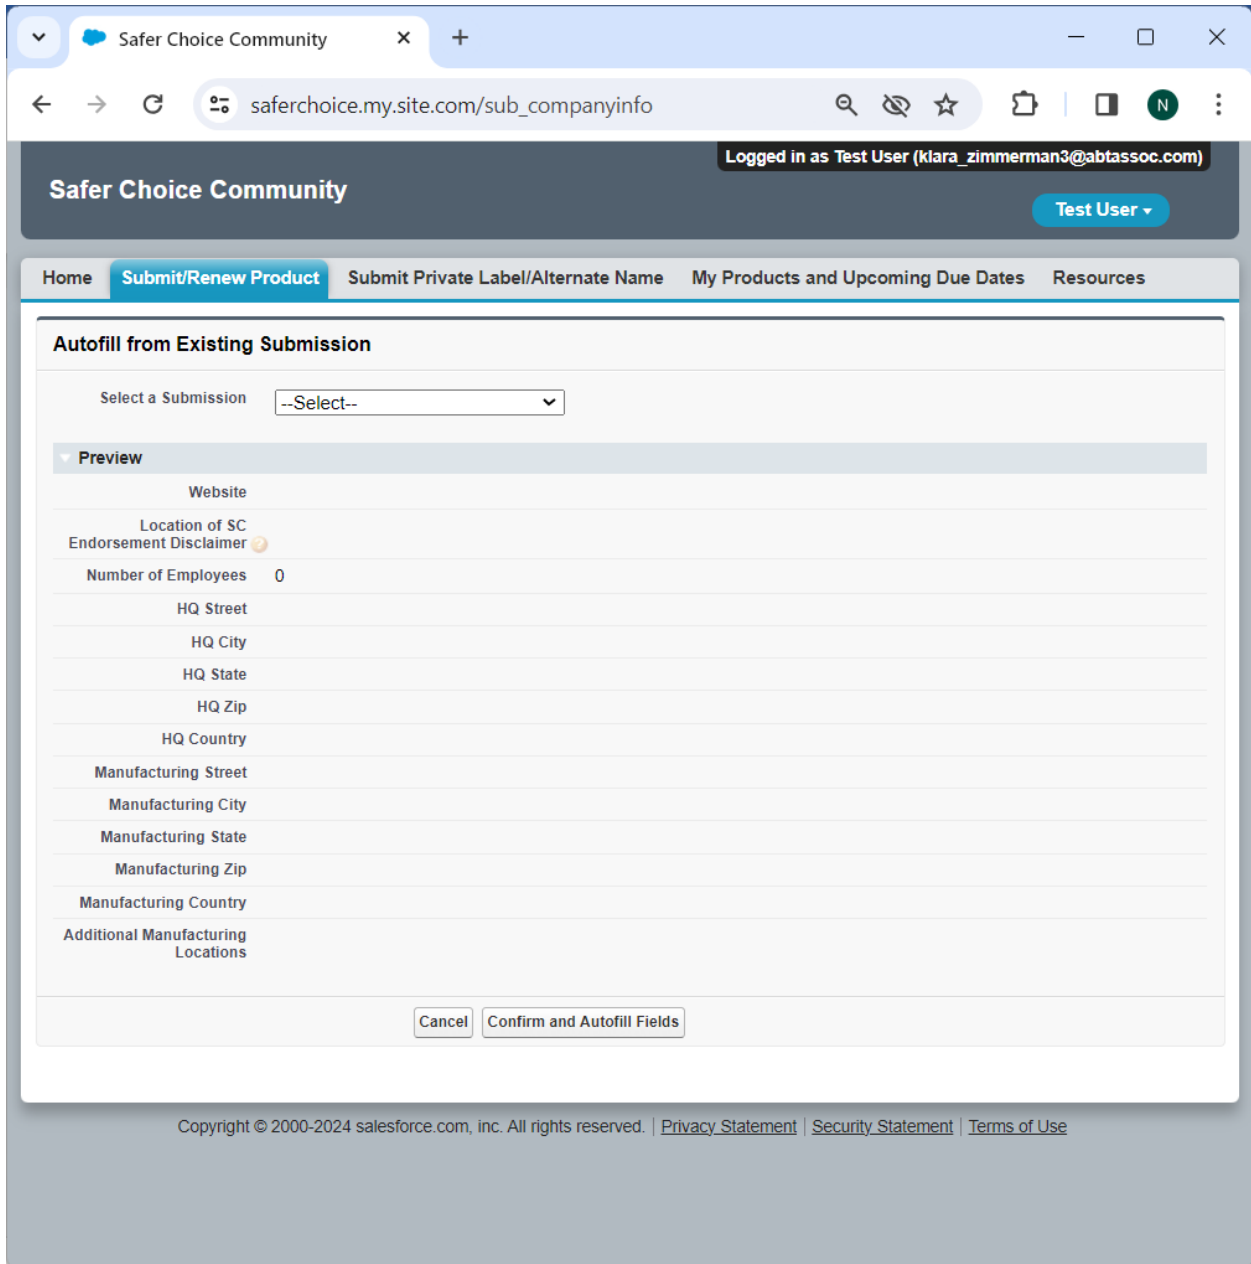

The screenshot shows a web browser window with the URL `saferchoice.my.site.com/Sub_TableofContents`. The page title is "Safer Choice Community" and the user is logged in as "Test User (klara_zimmerman3@abtassoc.com)". The navigation menu includes "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", "My Products and Upcoming Due Dates", and "Resources". The main content area is titled "Company Information" and contains several sections:

- Instructions:** "Please enter company information below. Fields in red text are required for submission. You may return to your submission at any time. If you have completed all required fields, you will have the option to submit to the third party profiler(s) after saving your submission."
- Company Information:** Includes fields for "Company Name" (filled with "XYZ Product Company"), "Website", "Location of Safer Choice Endorsement Disclaimer", and "Number of Employees".
- HQ Address:** Includes fields for "Company HQ Address", "City", "State/Province", "Zip/Postal Code", and "Country".
- Manufacturing Address:** Includes fields for "Manufacturing Address", "City", "State/Province", "Zip/Postal Code", and "Country".
- Additional Information:** A question "Do you have additional manufacturing sites?" with radio buttons for "Yes" and "No" (selected). Below it is a text area "If yes, please include them here:".

At the top of the form, there are buttons: "Back to Table of Contents", "Autofill from Other Submission", "Save", "Next Page", and "Proceed to Submission". The "Autofill from Other Submission" button is highlighted in red.

Clicking the **Autofill from Other Submission** button from any page within the submission opens a new page, shown on the next page, that allows the respondent to populate the fields on the current page using information from a previous submission.

Autofill from Existing Submission Page

Select a Submission: Dropdown options include all of the respondent’s previous product submissions.

Contact Information Page

The screenshot shows a web browser window with the URL `saferchoice.my.site.com/sub_companyinfo`. The page title is "Safer Choice Community" and the user is logged in as "Test User (klara_zimmerman3@abtassoc.com)". The navigation menu includes "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", "My Products and Upcoming Due Dates", and "Resources".

The main content area is titled "Contact Information" and contains the following instructions:

- A Signatory contact signs the Partnership Agreement.
- A Technical contact best understands the product formula.
- A Marketing/Outreach contact is in charge of sales, marketing or outreach.

The form below the instructions is organized into three sections:

- Signatory Contact Information:** Fields for Name, Email, Phone, and Title.
- Technical Contact Information:** Fields for Name, Email, Phone, and Title.
- Marketing/Outreach Contact Information:** Fields for Name, Email, Phone, and Title.

Navigation buttons at the top and bottom of the form include "Back to Table of Contents", "Previous Page", "Autofill from Other Submission", "Save", "Next Page", and "Proceed to Submission".

Product Information Page

The screenshot shows a web browser window with the URL `saferchoice.my.site.com/sub_contacts`. The user is logged in as 'Test User (klara_zimmerman3@abtassoc.com)'. The page title is 'Safer Choice Community'. The navigation menu includes 'Home', 'Submit/Renew Product', 'Submit Private Label/Alternate Name', 'My Products and Upcoming Due Dates', and 'Resources'. The 'Submit/Renew Product' tab is active.

Product Information

Back to Table of Contents Previous Page Autofill from Other Submission Save Next Page Proceed to Submission

Instructions

Please select the submission type. There are two Initial Review submission options - one requires full product information (including packaging, performance, etc.), and the second is for the product formulation only (e.g., to screen an R&D formulation against Safer Choice criteria). Select Renewal if your product(s) are currently recognized and you are submitting to renew your partnership. Select Reformulation if your product(s) have already been submitted to a third party profiler and you are submitting an updated formulation that is not associated with a partnership renewal.

Please do not submit product IDs for kits that include [cleaning] products that are NOT certified by Safer Choice. We will accept product IDs for kits that ONLY contain Safer Choice-certified [cleaning] products. Kits with cleaning tools (mops) that are not certified are still acceptable.

Submission Type

Submission Type Initial Review - Full Product

Instructions

Please enter product information below. Fields in red text are required for submission. You may save your submission at any time and come back to it later.

Home CleanGredients Submission **SCIL Submission** Resources

Quick Tips

Quick Tips

1. If your organization has required that you have a **non-disclosure agreement** in place before releasing formulation information to third party profilers, please make sure to finalize an agreement before you begin the submission process.
2. Use the latest version of a modern web browser.
3. If you need help, click on the Resources tab.
4. **If you need to move between sections, use the "Return to First Page" and "Save and Continue" buttons at the top of the page rather than your browser's navigation arrows (clicking the back arrow may sign you out of the system).**
5. Save your submission often.
6. Red text in the submission form means that field is required.
7. Be ready to upload SDSs for each chemical in the formulation and the tradename ingredient itself.
8. Once chemical information or a CleanGredients® submission is sent to a third party profiler, you will no longer be able to edit or delete it.

Instructions

Indicate the company and raw material product information here. Please include all contact and address information.
