“2. (a) For the purposes of heading 9903.01.01, products of Mexico, other than products described in heading 9903.01.02 and heading 9903.01.03, and other than products for personal use included in accompanied baggage of persons arriving in the United States, shall be subject to an additional 25% *ad valorem* rate of duty. Notwithstanding U.S. note 1 to this subchapter, all products of Mexico that are subject to the additional *ad valorem* rate of duty imposed by heading 9903.01.01 shall also be subject to the general rates of duty imposed on products of Mexico entered under subheadings in chapters 1 to 97 of the tariff schedule.

The additional duties imposed by heading 9903.01.01 apply to products of Mexico including both goods of Mexico under the rules set forth in part 102, title 19 of the Code of Federal Regulations, as applicable, as well as goods for which Mexico was the last country of substantial transformation prior to importation into the United States.

Products of Mexico that are eligible for special tariff treatment under general note 3(c)(i) to the tariff schedule, or that are eligible for temporary duty exemptions or reductions under subchapter II to chapter 99, shall be subject to the additional *ad valorem* rate of duty imposed by heading 9903.01.01.

The additional duties imposed by heading 9903.01.01 shall not apply to goods for which entry is properly claimed under a provision of chapter 98 of the tariff schedule pursuant to applicable regulations of U.S. Customs and Border Protection (“CBP”), and whenever CBP agrees that entry under such a provision is appropriate, except for goods entered under heading 9802.00.80; and subheadings 9802.00.40, 9802.00.50, and 9802.00.60. For subheadings 9802.00.40, 9802.00.50, and 9802.00.60, the additional duties apply to the value of repairs, alterations, or processing

performed (in Mexico), as described in the applicable subheading. For heading 9802.00.80, the additional duties apply to the value of the article assembled abroad (in Mexico), less the cost or value of such products of the United States, as described.

Products of Mexico that are provided for in heading 9903.01.01 shall continue to be subject to antidumping, countervailing, or other duties, taxes, fees, exactions and charges that apply to such products, as well as to the additional *ad valorem* rate of duty imposed by heading 9903.01.01.

Products of Mexico that are provided for in heading 9903.01.01 and that are otherwise eligible for the administrative exemption from duty and certain taxes at 19 U.S.C. 1321(a)(2)(C)—known as “*de minimis*” exemption—may continue to qualify for the exemption, but the *de minimis* exemption shall cease to be available for such articles upon notification by the Secretary of Commerce, in consultation with the Secretary of the Treasury, to the President that adequate systems are in place to fully and expeditiously process and collect tariff revenue applicable for covered articles otherwise eligible for the *de minimis* exemption.

(b) Heading 9903.01.02 covers only products of Mexico, that are donations, by persons subject to the jurisdiction of the United States, of articles, such as food, clothing, and medicine, intended to be used to relieve human suffering, except to the extent that the President determines that such donations (A) would seriously impair his ability to deal with any national emergency declared under section 1701 of title 19 of the U.S. Code, (B) are in response to coercion against the proposed recipient or donor, or (C) would endanger Armed Forces of the United States which are engaged in hostilities or are in a situation where

imminent involvement in hostilities is clearly indicated by the circumstances.”

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on November 27, 2024 at 89 FR 93648.

**A. Overview of Information Collection**

*Title of Information Collection:* Manufactured Housing Survey.  
*OMB Approval Number:* 2528–0029.  
*Type of Request:* Extension of a currently approved collection.  
*Form Number:* C–MH–9A.  
*Description of the need for the information and proposed use:* The Manufactured Housing Survey collects data on the characteristics of newly manufactured homes placed for residential use. Key data collected includes sales price and the number of units placed and sold within 4 months of shipment. Other selected housing characteristics collected include size, location, and titling. HUD is authorized to collect these statistics under the “Housing and Community Development Act of 1980,” Title 42 U.S.C. 5424 note (see Attachment 3), which provides the Secretary discretion to take necessary actions to ensure the public is aware of the distinctions between the types of factory-built housing. This allows HUD to collect and report manufactured home sales price information for the nation, Census Regions, States, and selected metropolitan statistical areas, and to monitor whether new manufactured homes are being placed on owned rather than rented lots. HUD also used these data to monitor total

housing production and its affordability. Furthermore, the Manufactured Housing Survey serves as a basis for HUD’s mandated indexing of loan limits. Section 2145(b) of the Housing and Economic Recovery Act (HERA) of 2008 requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is partially based on manufactured housing price data collected by this survey. Section 2145 of the HERA of 2008 also amends the maximum loan limits for manufactured home loans insured under Title I. The Final Rule, entitled Indexing Methodology for Title I Manufactured Home Loan Limits, was published in the **Federal Register** on February 28, 2024. This Rule established separate indexing methodologies to annually calculate future loan limits for Manufactured Homes Loans, Manufactured Lot Loans and Manufactured Home and Lot Combination Loans for the Title I Manufactured Home Loan Program. Single- and double-section price data from this survey are used to determine maximum loan amounts for Title I Manufactured Home Loans. HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 29, 2024.
