I sent what you corrected to ODAG last night.

In his previous email he said once we make the correction we can send forward—
therefore, OVW is approved to send.

Thank you, Darwin!

Please update the April spreadsheet and send to this group once all have been submitted.

Nikki

Hi Dr. Collier

I believe the only three that were pending belong to OVW. Mr. McHenry pointed out a minor correction for OMB #1122-0022 which have been corrected.

Subject: OVW - April ICRs Approved

Greetings Darwin,

Just wanted to check in to see if any of the ICRs were pending action from me or ODAG.

I think ODAG approved them all.

Let me know if not.

Thanks much!

v/r,
Nikki
