TITLE OF INFORMATION COLLECTION: Screening Survey for SGE Focus Group for VPP Modernization

PURPOSE OF COLLECTION:

What are you hoping to learn / improve? How do you plan to use what you learn? Are there artifacts (user personas, journey maps, digital roadmaps, summary of customer insights to inform service improvements, performance dashboards) the data from this collection will feed?

OSHA is deploying a screening survey to identify participants for the Focus Group on the Experience of Special Government Employees (SGEs) in the Voluntary Protection Programs. The screening survey will ensure that OSHA identifies a representative mix for the focus group sessions.

TYPE OF ACTIVITY: (Check one)

- ☒ [X] Customer Research (Interview, Focus Groups)
- ☐ [] Customer Feedback Survey
- ☐ [] User Testing

ACTIVITY DETAILS

1. How will you collect the information? (Check all that apply)

- ☒ [X] Web-based or other forms of Social Media (SurveyMonkey)
- ☐ [] Telephone
- ☐ [] In-person
- ☐ [] Mail
- ☐ [] Other, Explain

2. Who will you collect the information from?

Explain who will be interviewed and why the group is appropriate for the Federal program / service to connect with. Please provide a description of how you plan to identify your potential group of respondents and if only a sample will be solicited for feedback, how you will select them (e.g., anyone who provided an email address to a call center rep, a representative sample of Veterans who received outpatient services in May 2019, do you have a list of customers to reach out to (e.g., a CRM database that has the contact information, intercept interviews at a particular field office?)

There are currently 1,084 SGEs across the country. We will be sending out a screener survey to identify individuals who are attending the VPPPA Safety+ Conference. From that list of attendees, we will select individuals to participate.

3. How will you ask a respondent to provide this information?
(e.g., after an application is submitted online, the final screen will present the opportunity to provide feedback by presenting a link to a feedback form / an actual feedback form)

We will send the screening survey through Survey Monkey. OSHA has an email list of volunteer SGEs for distribution. After a survey is completed, participants will be selected based on the responses to assure a representative sample of SGEs. The selected SGEs will attend the VPPPA National Symposium and participate in an in-person focus group.

4. What will the activity look like?
Describe the information collection activity – e.g. what happens when a person agrees to participate? Will facilitators or interviewers be used? What's the format of the interview/focus group? If a survey, describe the overall survey layout/length/other details? If User Testing, what actions will you observe / how will you have respondents interact with a product you need feedback on?

SGEs will be contacted through Survey Monkey. They'll be able to click on a survey link (either embedded and then click through or through a link directly). Respondents will then be directed to the online screening survey. The screening survey will be incorporated into OSHA's regular cadence of communication and outreach with SGEs.

5. Please provide your question list.
Paste here the questions or prompts presented to participants in your activity. If you have an interview / facilitator guide, that can be attached to the submission and referenced here.

Please make sure that all instruments, instructions, and scripts are submitted with the request.
Please see attached.

6. When will the activity happen?
Describe the time frame or number of events that will occur (e.g., We will conduct focus groups on May 13,14,15, We plan

to conduct customer intercept interviews over the course of the Summer at the field offices identified in response to #2 based on scheduling logistics concluding by Sept. 10th, or “This survey will remain on our website in alignment with the timing of the overall clearance.”)

The screening survey will be targeted for release on Friday, Sept 8, 2023, through the week of Sept 11, 2023. The focus group sessions will take place on September 18.

7. Is an incentive (e.g., money or reimbursement of expenses, token of appreciation) provided to participants?

☐ Yes ☒ No

If Yes, describe:

Totals	1,100		275

CERTIFICATION:

I certify the following to be true:

1. The collections are voluntary;
2. The collections are low-burden for respondents (based on considerations of total burden hours or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
3. The collections are non-controversial and do not raise issues of concern to other Federal agencies;
4. Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
5. Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
6. Information gathered is intended to be used for general service improvement and program management purposes
7. Upon agreement between OMB and the agency aggregated data may be released as part of A-11, Section 280 requirements only on performance.gov. Summaries of customer research and user testing activities may be included in public-facing customer journey maps.

8. Additional release of data will be coordinated with OMB.
