Veterans' Employment and Training Service (VETS), Department of Labor
VETS' Jobs for Veterans State Grant Program Reporting
Request for Comments
OMB Control Number 1293-0009

To the review team,

Thank you for this opportunity to provide input on continued reporting requirements for the Jobs for Veterans State Grant program. Please see responses below.

(1) Whether the continued collection of information is necessary for the proper performance and oversight of the Jobs for Veterans State Grant, including whether the information will have practical utility. *Collection and analysis of this information remains critical to being good stewards of taxpayer dollars. There is utility in sharing some of it with our team as well, keeping them oriented on providing services that lead to meaningful employment for Veterans, strengthening our state's workforce along the way.*

(2) The accuracy of the VETS' estimate of the burden of the proposed collection of information. *The proposed time burdens are accurate per our finance team. There are additional hours invested by our Program Coordinator/Admin on development of some of the VETS-403 narratives.*

No specific input for items (3) and (4).

Respectfully,
Brian E Stoltenberg
JVSG Program Coordinator
