Introduction

Capitalized terms (other than titles) are defined in the FY 2026 Small Dollar Loan Program (SDL Program) Notice of Funds Availability (NOFA), the FY 2026 SDL Program Application Instructions, or the FY 2026 SDL Program Supplemental Guidance and Frequently Asked Questions for Applicants. All of these documents may be downloaded from the CDFI Fund's website at www.cdfifund.gov. Certain terms used throughout the Application have meanings unique to the SDL Program. The CDFI Fund encourages each Applicant to review the SDL Program NOFA and the Supplemental Guidance to be familiar with these meanings, as well as other program requirements.

The Small Dollar Loan Program (SDL Program) is a program authorized by Title XII – Improving Access to Mainstream Financial Institutions Act of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (P.L. 111-203), which amended the Community Development Banking and Financial Institutions Act of 1994 (12 U.S.C. § 4719). The SDL Program is administered by the Community Development Financial Institutions Fund (CDFI Fund). The purpose of the SDL Program is to provide grants to enable: (1) a Certified Community Development Financial Institution (CDFI), *or* any partnership between a Certified CDFI and a Federally Insured Depository Institution¹ (FIDI) with a primary mission to serve targeted Investment Areas², to establish or expand a loan loss reserve (LLR) fund in order to defray the costs of a small dollar loan program established or maintained by such institution; and (2) to provide grants for Technical Assistance (TA) to a Certified CDFI *or* any partnership between or among Certified CDFIs to establish and maintain small dollar loan programs. SDL Program Awards cannot be used to provide direct loans to consumers.

The legislation authorizing the SDL Program defines a small dollar loan program as one that offers small dollar loans to consumers that meets the following statutory requirements:

- a. are made in amounts of \$2,500 or less;
- b. must be repaid in installments;
- c. have no prepayment penalty;
- d. have payments that are reported to at least one of the consumer reporting agencies that complies and maintains files on consumers on a nationwide basis; and
- e. are underwritten with standards that consider the consumer's ability to repay.

¹ A "federally insured depository institution" is any insured depository institution as that term is defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. § 1813) and any insured credit union as that term is defined in section 101 of the Federal Credit Union Act (12 U.S.C. § 1752). (12 U.S.C. § 4719)

² The term "Investment Area" means a geographic area (or areas) including an Indian reservation that—

(A)(i) meets objective criteria of economic distress developed by the Fund, which may include the percentage of low-income families or the extent of poverty, the rate of unemployment or underemployment, rural population outmigration, lag in population growth, and extent of blight and disinvestment; and (ii) has significant unmet needs for loans or equity investments; or

(B) encompasses or is located in an empowerment zone or enterprise community designated under section 1391 of the Internal Revenue Code of 1986. (12 U.S.C. 4702(16))

SDL Program funding is intended to help expand consumer access to mainstream financial institutions and provide alternatives to high-cost small dollar loans. It is also intended to help unbanked and underbanked populations build credit, access affordable capital, and allow greater access to the mainstream financial system.

Getting Started

The SDL Program provides LLR and TA Awards through a competitive Application process. To understand the requirements of the SDL Program, including eligible uses of Awards, an Applicant should review the FY 2026 SDL Program NOFA and additional guidance and instructions posted on the CDFI Fund's website.

This guidance document provides Applicants with instructions and tips on the narrative questions, data inputs, and required attachments for the FY 2026 SDL Program Application. This guidance is intended to be used in conjunction with additional Application materials, all of which are available on the CDFI Fund's website.

Please be aware that the CDFI Fund reserves the right to request supplemental documentation verifying any of the information submitted in the FY 2026 SDL Program Application. If selected for an SDL Program Award, the Applicant should also be aware that any of the information submitted in its Application may be incorporated as a requirement in its Assistance Agreement.

Note about the Awards Management Information System (AMIS): AMIS is the CDFI Fund's web-based portal that all Applicants must use to create, complete, and submit required Application documents. **This guidance document does not contain instructions for entering Application information into AMIS. For technical instructions on how to use AMIS, please refer to the [FY 2026 AMIS Training Manual for Small Dollar Loan Program](#).**

This document is a reference tool only, and Applicants must enter their responses to the narrative questions and data entry fields in the AMIS Application. All attachments must also be attached in the AMIS Application.

Applicant Eligibility

At the time that an entity submits its Application, it must be a duly organized and validly existing legal entity under the laws of the jurisdiction (including a Tribal jurisdiction) in which it is incorporated or otherwise established.

Eligible Applicants will be required to meet the following:

1. For LLR grants
 - a. a Certified Community Development Financial Institution (CDFI); or
 - b. a partnership between:
 - i. a Certified CDFI; and
 - ii. a Federally Insured Depository Institution (FIDI) with a primary mission to serve targeted Investment Areas.
2. For TA grants
 - a. a Certified CDFI; or
 - b. a partnership between two or more Certified CDFIs.
3. For both an LLR grant and TA grant
 - a. a Certified CDFI

Eligible Applicants can submit only one SDL Program Application and therefore will need to determine if they are applying for an LLR grant, a TA grant, or both.

For purposes of this Application, the term “Applicant” refers to 1) an organization applying on its own as a Certified CDFI or 2) the designated lead Certified CDFI applying on behalf of a partnership. The Applicant must use the SDL Program Award to establish or maintain a small dollar loan program. In the case of a partnership, the lead Certified CDFI must use the SDL Program Award to establish or maintain a small dollar loan program.

SDL Program Awards will not be eligible for small dollar loan programs and products that have the prohibited lending practices and loan characteristics listed in the FY 2026 SDL Program NOFA. As part of the application process, all Applicants must attest that their small dollar loan program will not engage in these prohibited practices for continued eligibility in order to complete their Application.

Certified CDFI Status

Applicants must be certified as a CDFI by the CDFI Fund by the date the FY 2026 SDL Program NOFA is published in the Federal Register.

For Applicants applying as a partnership between a Certified CDFI and a FIDI, the FIDI partner is not required to be a Certified CDFI. The FIDI partner will be required to complete the *Qualified Federally Insured Depository Institution Partnership Attestation Form* (see [Appendix 8](#)) attesting that it has a primary mission to serve targeted Investment Areas as part of the AMIS online Application submission.

Additional Guidance for Applicants Applying as Partnerships

The following provides additional guidance for Applicants applying as a partnership. Applicants should review the eligibility criteria outlined in Table 5 of the FY 2026 SDL Program NOFA.

The partnership must designate a lead Certified CDFI of the partnership that will submit the Application. This designated lead Certified CDFI will also submit a Partnership Agreement (see [Appendix 8](#)) detailing, at a minimum, the roles and responsibilities of the partners, partner replacement or substitution restrictions, any financial contributions and profit sharing arrangements, and performance requirements of the entities in the partnership.

If the partner of the Lead Applicant is a FIDI, the partnership may apply for an LLR Award. If the partner is a Certified CDFI, the partnership may apply for a TA Award. A partner may not apply for its own Award under the FY 2026 SDL Program funding round or apply as a partner for more than one Application submitted under the FY 2026 SDL Program funding round.

A partnership is a formal arrangement, as evidenced by a written Partnership Agreement between a Certified CDFI and a FIDI or between two or more Certified CDFIs. The partnership must be designed to accomplish one or more of the strategies discussed in the Business Strategy and Community Impact section of the SDL Applicant's Application and be integral to the successful execution of the Applicant's strategy. The partnership should be such that the Applicant's strategy would not be achievable without the direct input and/or assistance of the partner.

An Applicant that collaborates or coordinates with a FIDI or a CDFI to achieve the SDL Program strategy detailed in the Application is **not** required to apply as a partnership. Applicants that apply as a partnership will be evaluated based on the same criteria as Applicants that apply without a partnership.

If selected to receive an SDL Program Award, the lead Certified CDFI Recipient will be **solely responsible** for carrying out the activities described in its Application and complying with the terms and conditions of the Assistance Agreement. The partner(s) will not be a co-Recipient of the Award. As such, the lead Certified CDFI Recipient will be prohibited from using the SDL Program Award to fund any activity carried out directly by the partner or an Affiliate or Subsidiary thereof. Examples of partnerships include the following:

Applying as a Partnership

Example 1: ABC Certified CDFI has a strategic goal of increasing its small dollar lending by X% over X years. ABC Certified CDFI will request an SDL Program Award for LLR to mitigate losses on the small dollar loans it provides as it seeks to expand its small dollar loan program. ABC Certified CDFI has a Partnership Agreement in place with a local FIDI in which the FIDI will refer all small dollar loan candidates to ABC Certified CDFI to expand ABC Certified CDFI's small dollar loan program. ABC Certified CDFI will explain in its narrative and Partnership Agreement how an SDL LLR Award and the referrals from the local FIDI partner will ensure that its strategic goal of increasing small dollar lending is achieved.

Example 2: XYZ Certified CDFI has a strategic goal to provide a new small dollar loan product. XYZ Certified CDFI will request an SDL Program Award for TA to upgrade its technology systems to support a new small dollar loan product. XYZ Certified CDFI has a Partnership Agreement in place with a Certified CDFI that will provide free financial counseling services to the XYZ Certified CDFI's small dollar loan Applicants. XYZ Certified CDFI chooses to apply as a partnership with the Certified CDFI as its partner. XYZ Certified CDFI will explain in its narrative and Partnership Agreement how an SDL TA Award, and the financial counseling provided to potential borrowers, will support the growth of the new small dollar loan program.

Additional guidance on how Applicants applying with a partner should address the partnership in the narrative questions of the Application is provided for applicable narrative questions.

Note: A Certified CDFI Depository Institution Holding Company Applicant that intends to carry out the activities of an Award through its Subsidiary Certified CDFI Insured Depository Institution should not apply as a partnership. Instead, the Certified CDFI Depository Institution Holding Company should apply as a sole entity.

Prior CDFI Fund Recipients or Allocatees

The SDL Program NOFA includes specific compliance eligibility requirements for Applicants that are prior Award Recipients or Allocatees under other CDFI Fund programs.

Pending Compliance Status

If an Applicant is a prior CDFI Fund Award Recipient or Allocatee under any CDFI Fund program that: (i) has demonstrated it is noncompliant with or in default of a previous Assistance Agreement, Award Agreement, Allocation Agreement, Bond Loan Agreement, or Agreement to Guarantee and, (ii) the CDFI Fund has yet to make a final determination as to whether the entity is in noncompliance with or in default of its previous agreement, the CDFI Fund will consider the Applicant's Application pending full resolution, in the sole determination of the CDFI Fund.

Noncompliance or Default Status

The CDFI Fund will not consider an Application submitted by an Applicant (or Affiliate of such Applicant) that is a prior CDFI Fund Award Recipient or Allocatee under any CDFI Fund program if, as of the Application deadline: (i) the CDFI Fund has made a final determination that such Applicant is in noncompliance with or in default of a previously executed Assistance Agreement, Award Agreement, Allocation Agreement, Bond Loan Agreement, or Agreement to Guarantee, and (ii) the CDFI Fund has provided written notification that such entity is ineligible to apply for or receive any future CDFI Fund awards or allocations for a specified time period. Such entities will be ineligible to submit an Application for such time period as specified by the CDFI Fund in writing.

NOTE: Applicant entities must meet the eligibility requirements on their own behalf and may not rely on any Affiliates or Subsidiaries to meet these requirements.

Other Applicant Eligibility Criteria: Please refer to the FY 2026 SDL Program NOFA, particularly Section III, for additional information on Applicant eligibility.

Eligible Uses of SDL Program Awards

SDL Program LLR and TA Awards are tools that can help an organization establish and expand a small dollar loan program to provide an alternative to high-cost small dollar loans. It is important to have a clear idea of how an organization would like to use its Award before beginning the Application. Applicants should start by reading the FY 2026 SDL Program NOFA to determine if the Applicant is eligible to apply for an Award and determine the dollar amount the Applicant may request for a LLR and/or TA Award. As part of the Application, Applicants will need to provide the CDFI Fund with a clear narrative on how an Award will benefit the Applicant's small dollar loan program and meet community needs.

Loan Loss Reserves Awards

LLR Awards may be used to mitigate losses on a new or established small dollar loan program.

Applicants that are either (1) a Certified CDFI or (2) any partnership between a Certified CDFI and a FIDI with a primary mission to serve targeted Investment Areas are eligible to apply for an LLR Award.

Technical Assistance Awards

TA Awards may be used for technology, staff support, and other costs associated with establishing or maintaining a small dollar loan program.

If your organization is selected for a TA Award, it will be restricted to using the Award funds for **eligible activities**. The eligible activities are outlined in the FY 2026 SDL Program NOFA. The CDFI Fund recommends that you review the eligible activities carefully before starting your Application.

Applicants that are either (1) a Certified CDFI or (2) any partnership between or among Certified CDFIs are eligible to apply for a TA Award.

Combination of Loan Loss Reserves and Technical Assistance Awards

A Certified CDFI applying on its own (not part of a partnership) is eligible to apply for both an LLR and a TA Award.

Performance Goals

Applicants will be held to specific Performance Goals (PGs) in the Assistance Agreement if selected to receive an SDL Program Award. The PGs, based on the Application inputs, will align with the organization's goals for its SDL Program Award (such as to expend the SDL Program Award on eligible activities and close a specific amount of small dollar loans). The PGs will be determined, in part, by the information that is provided in [Appendix 2](#). If an Applicant is selected to receive an SDL Program Award, it will need to meet annual performance goals to remain compliant with its Award.

How the SDL Program Application is Organized

There are three components that must be completed as part of the SDL Program Application:

1. The **Standard Form-424** (SF-424) (*submitted through Grants.gov*). This form is required to be submitted in Grants.gov by the applicable deadline identified in the NOFA. Applicants will **not** be able to submit their SDL Program Application without submitting the SF-424 by the deadline.

All Applicants must first have an active System for Awards Management (SAM) account to submit the SF-424 via Grants.gov. In cases where the Applicant is applying as a Partnership, the designated lead Certified CDFI Applicant must have a SAM account.

2. The **Title VI Compliance Worksheet** (*submitted through AMIS*). The Title VI Compliance Worksheet is a **CDFI Fund requirement** and must be submitted via AMIS by the applicable deadline in the NOFA. Applicants must be compliant with federal civil rights requirements to be eligible to receive federal financial assistance awards from the CDFI Fund. This requirement applies to Applicants, as well as their prospective subrecipients that are not direct beneficiaries of federal financial assistance (e.g., Depository Institutions Holding Company and their Subsidiary Depository Institutions). The CDFI Fund's Title VI Compliance Worksheet Training Manual and additional information regarding this requirement is available on the CDFI Fund website: [Title VI Compliance Worksheet Training Manual](#).

3. The **SDL Program Application** (*submitted through AMIS*). The SDL Program Application contains the organization's responses and must be submitted through the CDFI Fund's Awards Management Information System (AMIS) by the applicable deadline in the NOFA. The SDL Program Application will ask for information about the organization, such as the organization's financial data; the small dollar loan products and development services it currently provides (if applicable); and the organization's objectives for the SDL Program Award.

For Applicants applying as a partnership, the designated lead Certified CDFI Applicant for each partnership must submit the Application through AMIS.

Application Materials

Applicants are **strongly** encouraged to review all SDL Program Application materials on the CDFI Fund's website. Applicants should closely review the FY 2026 SDL Program NOFA for eligibility, key deadlines, and other requirements for SDL Program Applicants. The CDFI Fund may add Application materials to the website on a rolling basis. Please note that some Application materials may be posted after the release date of the NOFA and the Application Instructions.

Application Submission Requirements and Deadlines

The submission deadlines for the FY 2026 SDL Program Application are published in the NOFA and reproduced in Table 2 below. Please note the **different submission deadlines** for materials that must be submitted electronically through Grants.gov and those that must be submitted through AMIS. This Application Instructions document serves only as a guide for completing the SDL Program Application documents, and this document is not meant to be submitted via Grants.gov or AMIS.

A complete FY 2026 SDL Program Application must include submission of each part listed in the table below:

Service Requests

A Service Request is the preferred way to contact the CDFI Fund about your Application. To submit a Service Request, you need an AMIS user account. Log into AMIS and click on “Service Requests” tab on the top; then, click on “Create New Service Request” button. For an SDL Program Application question, select “SDLP” for the program and clearly state the topic in the subject line. For a CDFI Certification question, select “Certification.” For a Compliance question, select “Compliance & Reporting.” For Information Technology, select “Technical Issues.” Failure to select the appropriate program for the Service Request could result in a delayed response to your question.

Grants.Gov: Grants Application (SF-424 Mandatory Form) Instructions

In accordance with federal regulations, the CDFI Fund requires Applicants to submit the initial component of their FY 2026 SDL Program Application using the Grants.gov portal, the official website for federal grant information and Applications. The Grants.gov registration process alone can take several days to complete. Contact the Grants.gov support staff if you have any questions about the process. The Grants.gov help desk can be reached at 1-800-518-4726 or via email at support@grants.gov. If you experience any technical difficulties submitting the (SF)-424 form via Grants.gov, do not contact the CDFI Fund. Contact the Grants.gov help desk instead.

The only component of the SDL Program Application submitted via Grants.gov is the Standard Form (SF)-424 Mandatory Form. The SF-424 Mandatory Form (SF-424) is required for all Applicants. The purpose of the SF-424 is to collect basic information about the Applicant and the proposed project; including a projected budget. Electronically signing and submitting the SF-424 Mandatory Form certifies that the Applicant certifies that the Applicant complies with the Assurances and Certifications. The Assurances and Certifications are provided in Appendix 8 of this document. Details for completing the SF-424 Mandatory Form are provided below.

The SF-424 Mandatory Form is located in the “Mandatory Documents” box of the downloaded Grant Application Package in Grants.gov. To access the form, select SF- 424 Mandatory, then click on the “Move Form” to “Complete” button. The SF- 424 Mandatory will move to the “Mandatory Documents for Submission” box. Click on the “Open Form” button to open basic information about the applicant.

Match your UEI and EIN Numbers: Applicants’ AMIS record and Grants.gov record are linked by the Organizational UEI (Field 7.c) and Employer/Taxpayer Identification Number (Field 7.b). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.

For Applicants applying as a partnership, the designated lead Certified CDFI Applicant for each partnership’s AMIS record and Grants.gov record is linked by the Organizational UEI (Field 7.c) and Employer/Taxpayer Identification Number (Field 7.b.). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.

Grants.gov Submission Information

Each Applicant will receive an email from Grants.gov immediately after submitting their SF-424 confirming that the submission has been recorded in the Grants.gov system. This email will contain a tracking number for the submitted SF-424. Within 48 hours, the Applicant will receive a second email which will indicate if the submitted

SF-424 was either successfully validated or rejected with errors. However, Applicants should not rely on the email notification from Grants.gov to confirm that their SF-424 was validated. Applicants are strongly encouraged to use the tracking number provided in the first email to closely monitor the status of their SF-424 by checking Grants.gov directly. The SF-424 will not be officially accepted by the CDFI Fund **until Grants.gov has validated the SF-424**. In the Grants.gov Workspace function, please note that the Application package has not been submitted if you have not received a tracking number.

AMIS Application Instructions

Registering an Organization in AMIS

All SDL Program Applicants in the FY 2026 Round must ensure that their organization (and partnership organization if the Applicant type is a partnership) is registered in AMIS by the deadline in Table 3. The Applicant organization registered in AMIS must be the same one that submitted the SF-424 through Grants.gov, and the EIN and UEI number on the SF-424 **must match** the EIN and UEI number in the organizational information in AMIS. Organizations who have previously applied for CDFI Fund programs through AMIS likely already meet this requirement but should verify that their information is accurate in AMIS prior to the deadline.

For Applicants applying as a partnership, the designated lead Certified CDFI Applicant for each partnership must ensure that their organization is registered in AMIS by the deadline in Table 3. The lead designated Certified CDFI Applicant organization registered in AMIS must be the same one that submitted the SF-424 through Grants.gov, and the EIN and UEI number on the SF-424 must match the EIN and UEI number in the organizational information in AMIS. Organizations that have previously applied for CDFI Fund programs through AMIS likely already meet this requirement but should verify that their information is accurate in AMIS prior to the deadline.

Applicants for the FY 2026 SDL Program Round that do not already have their organization registered in AMIS must complete organization registration by the deadline in Table 3. Instructions for registering an organization in AMIS can be found in the “Getting Started – Navigating AMIS” Training Manual on the CDFI Fund’s AMIS website: <https://amis.cdfifund.gov/s/Training>.

AMIS Application Overview

The remainder of this document provides the full question text and related guidance for the information that should be entered into the SDL Program Application in AMIS. For technical details on how to use and navigate AMIS, see the “SDL Program AMIS Application Navigation Guide” at <https://amis.cdfifund.gov/s/Training>. This manual will be available after the Application is opened in AMIS.

In order to facilitate the crosswalk between the online AMIS Application and this Question Text/Guidance document, here are a few tips:

- Prepare narrative responses to questions outside of AMIS. Once your narratives are finalized, you can copy and paste the final versions into the appropriate fields in AMIS.
- Verify that all information is accurate prior to submitting the Application and required attachments through AMIS. The CDFI Fund will not accept any revisions or amendments to the SDL Program Application once it has been submitted.

Please be sure that all data entered into AMIS is accurate and complete. As part of the SDL Program Application review process, information entered in AMIS will be used to score and rank the Applicants (as outlined in the FY 2026 NOFA). Applicants will not be able to revise information entered into AMIS after Application submission. Failure to provide complete and accurate information may negatively impact the evaluation of an Applicant’s FY 2026 SDL Program Application. The CDFI Fund reserves the right to reject an Application if information submitted through AMIS is determined to be inaccurate.

In order to facilitate the crosswalk between this Application guidance document and AMIS, each Application question in this document will be presented in a Table that contains the following information:

- Full question text
- Response Options
- Notes/guidance relevant to that specific question or sub-question
- AMIS Field Type

AMIS Field Types

Below is an overview of the eight field types you will encounter in completing the Application in AMIS.

- **Auto-populated:** These fields will be automatically populated in AMIS based on other data inputs. No data entry is required for fields that are marked “auto-populated.”
- **Currency:** These fields allow the Applicant to enter currency data points and have a dollar sign in front. For example, Award Request Amount: \$125,000.
- **Look-up:** These fields allow the Applicant to search and select from existing data in AMIS. For example, when entering geographic areas, the Applicant can “look-up” counties or states.
- **Narrative:** These fields allow the Applicant to enter text (non-numeric data). These fields will also have a character limit as indicated in each question.
- **Numeric:** These fields allow the Applicant to enter a number (that is not a dollar figure or a percentage). For example, the number of hours to complete the Application: 100.

- **Percentage:** These fields allow the Applicant to enter a percentage. For example, the estimated interest rate of the small dollar loans that will be offered to borrowers will be 18%.
- **Picklist:** These fields allow the Applicant to select an option from a suite of choices (e.g., a dropdown of “Yes” or “No”).

Updating Organization’s SDL Program Profile and Creating an AMIS Application

Once the organization is registered in AMIS, the next step in completing the AMIS Application is to ensure that the organization’s SDL Program Profile is up to date. The organization can navigate to its SDL Program Profile from its Organization Page in AMIS. Click on the Program Profile Name to navigate to the SDL Program Record Type.

For Applicants applying as a partnership: The designated lead Certified CDFI Applicant for each partnership must first be registered in AMIS. The next step in completing the AMIS Application is to ensure that the designated lead Certified CDFI Applicant for each partnership’s SDL Program Profile is up to date. You can navigate to your SDL Program Profile from your Organization Page in AMIS. Click on the Program Profile Name to navigate to the SDL Program Profile Detail page.

Linking SF-424 to AMIS Application

After your SF-424 Mandatory Form is accepted in Grants.gov, a copy of the form will automatically be transferred into your Organization Profile in AMIS. The Applicant must **then link** the SF-424 to its SDL Program Application. Applicants’ AMIS record and Grants.gov record is linked by the Organizational UEI (Field 7.c). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov. Applicants are strongly encouraged to link their SF-424 Form in the AMIS Application prior to proceeding with other sections of the Applications. For detailed instructions on how to do this, please refer to the SDL Program AMIS Application Navigation Guide at <https://www.cdfifund.gov/programs-training/programs/sdip/apply-step> .

Linking Title VI Compliance Worksheet to AMIS Application

After the Title VI Compliance Worksheet is completed in AMIS, the Applicant must **then link** the Title VI Compliance Worksheet to its SDL Program Application. Depository Institution Holding Company (DHIC) Applicants that intends to carry out the activities of an SDL Program Award through its Subsidiary Certified CDFI Insured Depository Institution (Bank Subsidiary) must ensure that the Title VI Compliance Worksheet is complete for both the DHIC Applicant and the Bank Subsidiary by the AMIS Application submission deadline. Note, you will only be able to link the Title VI Compliance Worksheet for the DHIC Applicant to the SDL Program Application. After the submission deadline, the CDFI Fund will verify whether the Title VI Compliance Worksheet was submitted for the Bank Subsidiary as well. For detailed instructions on how to do this, please refer to the SDL Program AMIS Application Navigation Guide at <https://www.cdfifund.gov/programs-training/programs/sdip/apply-step>.

Forms and Certifications

All SDL Program Applicants must complete the Environmental Review Form and Assurances and Certifications as part of their AMIS online Application submission. Any Applicant that is a 501(c)(4) must also complete the

501(c)(4) Form as part of its AMIS online Application submission. The Applicant will complete these forms by entering data in the Applicant Information screen in AMIS. For the full text and questions for the Environmental Review Form, Assurances and Certifications, and 501(c)(4) Questionnaire, see [Appendix 7](#). If an Applicant is unable to respond “Yes” to all Assurances and Certifications, it must attach a statement that contains an explanation.

STOP: If you have not completed the Getting Started steps, go back and finish them before creating an SDL Program Application. They are necessary for a complete Application package!

Detailed instructions on how to launch and complete the AMIS Application is provided in the [FY 2026 AMIS Training Manual for Small Dollar Loan Program Applicants](#) on the CDFI Fund’s website. Read on for additional information and guidance on the SDL Program Application questions.

The SDL Program encourages the Applicant’s small dollar loan program to offer small dollar loan terms that are affordable and responsible and engage in responsible lending practices. Which of the following lending practices will be included in your proposed small dollar loan program?

Reminder: A small dollar loan program is defined as a program that offers small dollar loans to consumers that meet the statutory requirements listed in Section 1 of the FY 2026 SDL Program NOFA. Also, see Section 1 of the FY 2026 NOFA for the list of prohibited activities and prohibited practices of a small dollar loan program.

Table 2b: Small Dollar Loan program Projections

Instructions for Table 2b: All Applicants need to complete Table 2b. Please provide the information requested about the Applicant's projected volume for the small dollar loan product(s) that the SDL Program Award request will support in Table 2b. **Table 2b should only contain data for activities the Applicant intends to undertake as a result of the Applicant's requested FY 2026 SDL Program Award.** Do not include data on activities unrelated to the Applicant's requested SDL Program Award. The projections in Table 2b will be used to determine the Performance Goals for the Award and will become conditions of the Assistance Agreement, if the Applicant is selected to receive an SDL Program Award. If the Applicant is a Certified CDFI Depository Institution Holding Company that intends to carry out the activities of an SDL Program Award through its Subsidiary Certified CDFI Insured Depository Institution, it should include projected data by the Subsidiary Certified CDFI Insured Depository Institution that will administer the SDL Program Award.

Table 2b focuses on the Applicant's small dollar loan program and its projected small dollar loans that the Applicant will provide to borrowers through a program that the SDL Program Award will support, if selected for award. As a reminder, the SDL Program Award will support the Applicant's small dollar loan program that offers small dollar loans to consumers that meets the statutory requirements described in the FY 2026 SDL Program NOFA.

Be sure to assess your capabilities and historical financial data when completing Table 2b, as selected data provided in this table will be used to establish the Performance Goals the organization must meet if you receive an SDL Program Award.

The dollar amounts and loan numbers should reflect only the small dollar loans that will be made by the Applicant with the support of the FY 2026 SDL Program Award. The Applicant should not include activities that are not directly supported by the FY 2026 SDL Award request.

The PG&Ms will be determined, in part, on the information that the Applicant provides in the projection table. If the Applicant is selected to receive an SDL Program Award, it must meet annual PG&Ms in order to remain compliant with its Award.

Data Validations in Table 2b

The following data validations are in place to ensure that accurate data is entered in Table 2b. Applicants will not be able to complete this table and submit the Application with validation errors.

TA-Only Applicants

- For each of the three projected years loans closed must be \$2,500 or less.

LLR-Only Applicants & LLR and TA Applicants (Combo Applicants)

- For each of the three projected years loans closed must be \$2,500 or less.

- The average Loan Loss Reserves percentage for the three projected years must be 20% or less of the average Closed Loans amount.
- The Total Loan Loss Reserves Amount (the last row in the table) must equal the LLR Award Request Amount in Application Question 4a.

Appendix 5: Application Financial Data Inputs

This Appendix provides a list of all required Application Financial Data input fields organized by Institution Type: (i) Unregulated Applicants, (ii) Credit Union Applicants, (iii) Bank and Bank Holding Company Applicants, and (iv) cooperativa Applicants. For convenience, the CDFI Fund has also provided a blank Excel workbook entitled “Application Financial Data Inputs Workbook” that can be used by Applicants to gather all required Application Financial Data offline before entering it into AMIS.

Note that each Application Financial Data input field is required in AMIS and you will not be able complete the Application Financial Data subsection until all fields are populated with a numeric value greater than or equal to zero (“≥ 0”).

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

All numbers related to an Applicant’s equity and loan portfolios must be entered as a positive whole integer, greater or equal to zero (“≥ 0”). This includes the line item for “Allowance for Loan and Lease Losses” (ALLL) listed under the “Assets” grouping on the Application Financial Data Input page. Auditors commonly express ALLL as a contra asset and present it as a negative number on audited financial statements. In such instances, where ALLL is a negative number on an Applicant’s financial statements, the Applicant must convert this number to its absolute value (a positive number) and enter this positive number in the Application Financial Data inputs subsection for the ALLL line item.

In instances other than line items related to the Applicant’s equity and loan portfolios where the Applicant has a negative value expressed on its Audit or internal financial statements, Applicants are to enter a zero (“0”) on the corresponding line item on the Application Financial Data inputs page. Applicants who need to enter a “0” instead of a negative number(s) are to provide an explanation of each of these entries in the “Application Narrative” subsection under the “Financial Position” question response box.

Financial Data Inputs for Unregulated Applicants

Background

The following table provides guidance and definitions for entering required Application Financial Data inputs into AMIS for Unregulated Applicants. To ease the use of this appendix, line items are organized in groups (Assets, Liabilities, Net Assets, Income/Revenue, Expenses, Loan Portfolio, and Equity Portfolio), and appear in the same order as they appear online in the AMIS Application Financial Data inputs page (as opposed to being organized alphabetically).

In instances where the required Application Financial Data inputs have a corresponding definition within Generally Accepted Accounting Principles (GAAP), the definitions are drawn directly from GAAP. In instances where there is no corresponding concept defined in GAAP, the CDFI Fund has provided definitions to aid Applicants in entering the correct Application Financial Data inputs in AMIS.

Historic years are based on the three most recent completed audited fiscal year ends. Applicants should enter financial data that aligns with financial audits or call reports. Current year is the fiscal year the Applicant is currently in. The Projected period starts with the period of the next fiscal year. The years are automatically generated based on most recent completed audit. Note: For Applicants without audited statements, the most recent completed fiscal year should be the final historic year. Applicants are required to confirm accurate years for Historic, Current and Projected when the Application is opened.

Appendix 6: Compliance Evaluation Questions

The following questions are used to calculate an Applicant's Total Compliance Composite Score in the SDL Program Application. Appendix 7: Forms and Certifications

All SDL Program Applicants must complete the Environmental Review Form and Assurances and Certifications as part of their AMIS online Application submission. Any Applicant that is a 501(c)(4) must complete the 501(c)(4) form as part of their AMIS online Application submission.

Environmental Review Form

TIP: This form must be completed in AMIS by all Applicants. It is available on the AMIS Application under the Forms and Certifications Appendix. Note, by selecting “No” for the questions, the Applicant indicates that it does not have any projects that may require environmental review.

The CDFI Fund’s environmental review requirements are set forth in 12 CFR Part 1815. The Applicant should review such regulations carefully before completing this section. In order to assure compliance with those regulations and other requirements related to the environment, the Applicant shall provide the following information:

Environmental Review Form	YES	NO
1. Are there any actions proposed in the Application that do not constitute a “categorical exclusion” as defined in 12 CFR 1815.110?		
If YES, would any of these actions normally require an environmental impact statement (see 12 CFR 1815.108)?		
2. Are there any activities proposed in the Application that involve:		
1. Historical or archaeological sites listed on the National Register of Historic Places, or that may be eligible for such listing?		
2. Wilderness areas designated or proposed under the Wilderness Act?		
3. Wild or scenic rivers proposed or listed under the Wild and Scenic Rivers Act?		
4. Critical habitats of endangered or threatened species?		
5. Natural landmarks listed on the National Registry of Natural Landmarks?		
6. Coastal barrier resource systems?

9. Wetlands?		
10. Flood plains?		
11. Prime and unique farmland?		
12. Properties listed or under consideration for listing on the Environmental Protection Agency’s List of Violating Facilities?		

If YES to any of the above questions, attach a detailed description of each action, clearly identifying the category in which the action falls.

Notification

As stated in 12 CFR 1815.105, if the CDFI Fund determines that the Application proposes actions which require an environmental assessment or an environmental impact statement, any approval and funding of the Application will be contingent upon:

1. The Applicant supplying to the CDFI Fund all information necessary for the CDFI Fund to perform or have performed any required environmental review;
2. The Applicant not using any CDFI Fund Financial Assistance to perform any of the proposed actions in the Application requiring an environmental review until approval is received from the CDFI Fund; and
3. The outcome of the required environmental review.

In addition, as stated in 12 CFR 1815.106, if the CDFI Fund determines that an Application, or any part thereof, is not sufficiently definite to perform a meaningful environmental review prior to approval of the Application, final approval and funding of the Application shall require supplemental environmental review prior to the taking of any action directly using CDFI Fund Financial Assistance for any action that is not a categorical exclusion.

B. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS – PRIMARY COVERED TRANSACTIONS: INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this Application, the prospective primary participant (the Applicant) is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in the denial of participation in this covered transaction. The prospective Applicant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the CDFI Fund's determination whether to enter into this transaction (approval and funding of the Application). However, failure of the Applicant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. This certification is a material representation of fact upon which reliance is placed when the CDFI Fund determines to enter into this transaction. If it is later determined that the Applicant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for cause or default.
4. The Applicant shall provide immediate written notice to the CDFI Fund if at any time the Applicant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transactions," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal", and "voluntarily excluded," as used in this clause (certification), have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549 and 31 C.F.R. part 19.
6. The Applicant agrees by submitting this Application that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is

debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the CDFI Fund.

7. The Applicant further agrees by submitting this Application that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," to be provided by the CDFI Fund, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions (see 31 C.F.R. part 19, Appendix B).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the No Procurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for cause or default.

Appendix 9: Sample Management Letter

DISCLAIMER: The sample Management Letter below is being provided by the Community Development Financial Institutions Fund (CDFI Fund) as a courtesy to Applicants to demonstrate the types of information and statements that may be found in Management Letters meeting the requirements of the SDL Program Application. The Management Letter submitted by an Applicant may include different information than that presented in this sample letter and should reflect the actual findings of the Applicant organization's audit. Please note that the text below is for demonstration purposes only and should not be relied upon by Applicant organizations or auditors for purposes of meeting any applicable federal, state, or local legal requirements or accounting standards.

[Auditor Letterhead]

[DATE]

To Management and the Audit Committee
[APPLICANT ENTITY AND SUBSIDIARIES]
[CITY, STATE]

We have audited the consolidated financial statements of APPLICANT ENTITY and Subsidiaries (the Organization) as of and for the year ended [DATE] and have issued our report thereon dated [DATE]. Professional standards require that we advise you of the following matters relating to our audit.

In planning and performing our audit of the consolidated financial statements of the Organization as of and for the year ended [DATE], in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Certain deficiencies in internal control that have been previously communicated to you, in writing, by us or by others within your organization are not repeated herein.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

[Below are samples of findings, actual statements will vary with the facts of each audit]

Uncorrected and Corrected Misstatements

During the course of our audit, we proposed a financial statement presentation reclassification related to the restricted cash of [DOLLAR AMOUNT] that was contributed back to the ABC Subsidiary, as part of the overall unwind of the XYZ Subsidiary.

The related contribution expense related to this cash donation was reclassified to be included with overall net contribution of fixed assets and forgiveness of debt to present a net gain relating to the projects unwind. We believe the net presentation of all three elements (cash, fixed assets, and debt) to be a preferable way of presenting the essence of the transaction. Management reclassified this entry correctly during the course of our audit.

Impaired Loan Analysis

During our testing of a collateral-dependent impaired loan, we noted that management's analysis did not adequately support its conclusion on estimated fair value. Management should ensure the estimate of fair value of impaired loans and foreclosed assets is thoroughly documented and supported with the use of either external valuation (i.e., appraisal or broker opinion of value) or internal valuation of fair value.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This communication is intended solely for the information and use of management, the Audit

Committee, and others within the Organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

[AUDITOR]
