

authority for this information collection is contained in sections 154(i) and 309(j)(5) of the Communications Act, as amended, 47 U.S.C. 4(i), 309(j)(5), and in sections 1.2105, 1.2110, 1.2112 of the Commission's rules, 47 CFR 1.2105, 1.2110, 1.2112.

Estimated Total Annual Burden: 750 hours.

Total Annual Cost: None.

Needs and Uses: A request for extension of this information collection (no change in requirements) will be submitted to the Office of Management and Budget (OMB) after this 60-day comment period in order to obtain the full three year clearance from OMB. FCC Form 175 is used by the public to apply to participate in auctions for Commission licenses and permits. The Commission's auction rules and related requirements are designed to ensure that the competitive bidding process is limited to serious qualified applicants, deter possible abuse of the bidding and licensing processes, and enhance the use of competitive bidding to assign Commission licenses and permits in furtherance of the public interest. The information collected on FCC Form 175 is used by the Commission to determine if an applicant is legally, technically, and financially qualified to participate in an auction for Commission licenses or permits. Additionally, if an applicant applies for status as a particular type of auction participant pursuant to Commission rules, the Commission uses information collected on FCC Form 175 to determine whether the applicant is eligible for the status requested. Commission staff reviews the information collected on FCC Form 175 for a particular auction as part of the pre-auction process, prior to the auction being held. Staff determines whether each applicant satisfies the Commission's requirements to

participate in the auction and, if an applicant claims status as a particular type of auction participant, whether that applicant is eligible for the status claimed. The information collection requirements on FCC Form 175 currently approved under OMB Control Number 3060-0600 have not changed since they were last approved by OMB on May 16, 2022. The Commission plans to continue to use FCC Form 175 for its upcoming auctions for Commission licenses and permits, including the forward auction component of any incentive auction, collecting only the information necessary for each particular auction.

Federal Communications Commission.

General Description of Collection:
This information collection involves the submission of various forms by (1) contractors who wish to do business with the FDIC or are currently under contract with the FDIC, (2) those vendors and parties participating in innovation pilot programs and prize competitions with the possibility of being awarded a contract, and (3) government agencies or commercial businesses that provide FDIC with past performance information. The Federal Deposit Insurance Act (the Act) (12 U.S.C. 1819) empowers the FDIC to enter into contracts using private sector contractors to provide goods or services.

The Act also provides that the FDIC may promulgate policies and procedures to administer the powers granted to it, including the power to enter into contracts. Pursuant to such policies, the Acquisition and Corporate Services Branch of the FDIC's Division of Administration has developed forms and clauses to facilitate the procurement of goods and services from private sector contractors. The information collected through these forms and clauses falls under the definition of collection of information under the Paperwork Reduction Act of 1995 (PRA). There is no change in the methodology or substance of this

information collection. The decrease in total estimated annual burden from 21,234 hours in 2022 to 13,326 hours currently is due to the deletion of the former IC associated with Form 1600/10.

General Description of Collection: The Government Securities Act of 1986 requires all financial institutions acting as government securities brokers and dealers to notify their Federal regulatory agencies of their broker dealer activities, unless exempted from the notice requirements by Treasury Department regulation. The Form G–FIN and Form G–FINW are used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC of their status or that they have ceased to function as a government securities broker or dealer. The Form G–

FIN–4 is used by associated persons of insured State nonmember banks that are government securities brokers or dealers to provide certain information to the bank and to the FDIC concerning employment, residence, and statutory disqualification. The Form G–FIN–5 is used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC that an associated person is no longer associated with the government securities broker or dealer function of the bank. There is no change in the method or substance of the collection.

The overall decrease in burden hours is driven both by the decrease in the estimated annual number of responses and the changes to the estimated time per response.

3. *Title:* Activities and Investments of Insured Depository Institutions.

OMB Number: 3064–0111.

Form Number: None.

Affected Public: Insured State nonmember banks and insured State savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

Total Annual Burden (Hours)					280

Source: FDIC.

General Description of Collection: Section 24 of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1831a, limits investments and other activities in which State banks may engage, as principal, to those permissible for national banks and those approved by the FDIC under procedures set forth in 12 CFR part 362 of the FDIC's Rules and Regulations. With certain exceptions, section 24 of the FDI Act limits the activities and investments of State banks to those activities and investments that are permissible for national banks. In addition, the statute prohibits a State bank from directly engaging, as a principal, in any activity or investment that is not permissible for a national bank, or indirectly through a subsidiary in an activity or investment

that is not permissible for a subsidiary of a national bank, unless such bank meets its minimum capital requirements and the FDIC determines that the activity or investment does not pose a significant risk to the Deposit Insurance Fund (DIF). The FDIC can make such a determination for exception by regulation or by order. Section 28(a), 12 U.S.C. 1831e, similarly limits the investments and activities of State savings associations and their service corporations to those permitted by Federal savings associations and their service corporations, absent FDIC approval. Part 362 details the activities that State banks or their subsidiaries may engage in, under certain criteria and conditions, and identifies the information that State banks must

furnish to the FDIC in order to obtain the FDIC's approval or non-objection. Part 362 also applies to the activities and investments of State savings associations and their subsidiaries. There is no change in the method or substance of the collection. The increase in burden hours from 232 hours in 2022 to 280 hours currently is the result of economic fluctuation. In particular, the number of respondents and the number of responses per respondent has increased.

4. *Title:* Privacy of Consumer Financial Information.

OMB Number: 3064–0136.

Form Number: None.

Affected Public: Insured State nonmember banks and consumers.

General Description of Collection: The elements of this collection are required under sections 503 and 504 of the Gramm-Leach-Bliley Act, 15 U.S.C. 6803, 6804. The collection mandates notice requirements and restrictions on a financial institution's ability to disclose nonpublic personal information

about consumers to nonaffiliated third parties. There is no change in the method or substance of the collection. The overall decrease in burden hours is the result of economic fluctuation, in particular, the determination that regulation P has de minimis burden on consumers to opt out.

General Description of Collection:

This information collection implements the Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (SAFE Act) requirement that employees of federally-regulated institutions who engage in the business of a mortgage loan originator register with the Nationwide Mortgage Licensing System and Registry and establishes national licensing and registration requirements. It also directs federally-regulated institutions to have written policies and procedures in place to ensure that their employees who perform mortgage loan originations comply with the registration and other SAFE Act requirements. There is no change in the method or substance of the collection. The overall decrease in burden hours is the result of decreases in both the estimated number of FDIC-supervised institutions engaged in mortgage lending as well as the estimated number of mortgage loan originators employed at such institutions.

Request for Comment

Comments are invited on (a) whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the

use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
