

Mothership eLogbook Instructions for eLandings

Created by Susan Hall - NOAA Federal (Unlicensed)

Last updated: Mar 29, 2018 by Sara Villafuerte - NOAA Affiliate • 10 min read

In 2015, all at-sea vessels with a flow scale will be required to use the electronic logbook to capture their deploy and retrieval information in addition to Daily Flow Scale Tests.

The electronic logbook is available through the eLandings application, instructions can be found below. Motherships that also act as Catcher Processors will be able to enter Deliveries and Hauls in one elogbook.

How to Register the elogbook

1. Login to eLandings at <https://elandings.alaska.gov>

Landing and/or Production Data Report Login
<https://elandings.alaska.gov/>

Login below to record rationalized crab fisheries, halibut and sablefish IFQ, statewide groundfish or salmon harvest in the eLandings System.

INFO - 1354: User WKYD logged off

Password:	*****
	Login ←

2. On the *Reports Menu* page you will need to do the following:
 - a. Select the *Operation* that you want to register a logbook for
 - b. Click on the *Register Logbook* button to get to the registration page

TO MAKE A NEW REPORT, please select your operation and choose one of the following:

Operation: Starship Enterprise - mothership			a. Select the Operation you want to register a logbook for	Grading and Pricing
Groundfish Groundfish Landing Report Production Report Consolidated Report	Salmon Salmon Landing Report Mixed Salmon Percentage	Shellfish Crab Landing Report	Logbook Current Year Logbook Prior Year Logbook Register Logbook ← b. Click on Register Logbook	

3. On the *Register Logbook* page, you will need to select the following:
 - a. *Year*
 - b. *Weight Units*
 - c. *Depth Units*
4. Click on the *Register Logbook* button

Register Logbook

Voyage Entry

Voyages capture the basic header information that you're used to seeing on your paper DCPL, elements such as the vessel FFP and ADF&G number are auto-filled based on your operation information.

You will not be able to make any entries in your eLogbook until three things occur:

1. A *New Voyage* is submitted
2. A *Gear Type* has been added
3. You enter a *Go Active* date

1. Enter the following information on the *Voyage Entry* page:

- a. Your *Start Date* should be 01/01/2015 even if you are not engaged in fishing activity on this date.

b. *Crew Size*

c. *Operator Name*

d. Select your *Weight Units*

e. Click on *Save*

Voyage Entry

→

Operator Name	Crew Size	Observers
Alex McKinnon	25	

a. You will be taken to the *Gear Entry* page

- Enter 07 or 47 (even if you only act as a mothership) and then click on the *Save* button
 - Many of the fields you see will not apply, specifically those enclosed within the red box in the screen shot below.

Gear Code:  ENTER 07 OR 47

If Gear Code is 91 Pot, please enter the following information:

Description:

If Gear Code is 61 Longline, please enter the following information:

Gear Type ☐ Conventional Fixed Hook ☐ Tub Fixed Hook ☐ Autoline ☐ Snap

Length of Skate (feet):

Hook Size: %
 %
 %

Hook Spacing (feet):

Hooks per Skate:

Percent with swivels: ☐ Swivels on hooks ☐ Swivels on snaps

3. Go Active

- If you are actually actively engaged in taking deliveries at this point in time, you can simply enter that date on the Go Active page.
- If you are not yet active, just cancel out of the page and go back to it when you begin to take deliveries

Go Active

INFO - 1311: Please enter the following information

User: Andy Mackerel	Company: NMFS Testing Operation	PH: (206) 555-1212	Email: chris@wostmann.com
----------------------------	--	---------------------------	----------------------------------

Logbook ID:	16114729		
Vessel:	56789 STARSHIP ENTERPRISE	Federal Fisheries Permit:	3245

How to Add Hauls

Here is a link to the documentation on how to Add Hauls to your elogbook: [Trawl Catcher Processor eLogbook Instructions for eLandings](#)

If you have any questions or concerns, please contact elandings@alaska.gov

In 2015, all at-sea vessels with a flow scale will be required to use the electronic logbook to capture their deploy and retrieval information in addition to Daily Flow Scale Tests.

The electronic logbook is available through the eLandings application, instructions can be found below. Motherships that also act as Catcher Processors will be able to enter Deliveries and Hauls in one elogbook.

How to Register the elogbook

1. Login to eLandings at <https://elandings.alaska.gov>

Landing and/or Production Data Report Login <https://elandings.alaska.gov/>

Login below to record rationalized crab fisheries, halibut and sablefish IFQ, statewide groundfish or salmon harvest in the eLandings System.

The system will calculate the *Error and % Error* information based on what was entered and display that on the *eLogbook Entries* page as well as the PDF printout.

- You can see that the *Flow Scale Entry* is in blue text, that means you can click on that link and be taken back to your entry page.
- You can make edits to your information as well as add comments.
- All edits will still display on the PDF but they will have a strike-through line across them.
- If your first test was bad, you can always add an additional one and enter comments to explain what happened.
