

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Alaska Saltwater Sportfishing Economic Survey.

OMB Control Number: 0648–0639.

Form Number(s): None.

Type of Request: Regular submission [Reinstatement with revisions].

Number of Respondents: 4,263.

Average Hours per Response: 30 minutes.

Total Annual Burden Hours: 2,108.

Needs and Uses: This request is for reinstatement with changes to a previously approved information collection (OMB Control Number 0648–0639).

The National Marine Fisheries Service (NMFS) previously collected survey data in 2007, 2012, and 2017 for conducting economic analyses of marine sport fishing in Alaska. These surveys were necessary to understand the factors that affect marine recreational fishing and its economic value. The proposed update from the previously conducted mail survey is a push-to web survey focused on collecting data from a subset of the Alaska saltwater angler population that participated in a sport angling trip via a charter boat. The focus on the charter angler subpopulation is due to that population being of primary concern for fishery managers. This data collection is needed to improve estimates of fishing trip values potentially affected by changes in federal recreational fisheries off Alaska, including recent declines in populations of Pacific halibut and subsequent measures to manage harvest in the Alaska recreational charter fishing sector. Numerous questions in the questionnaire have been updated to better reflect, and understand the effects of, recent changes in Alaska marine recreational fisheries.

The Federal Government is responsible for the management of the Pacific halibut sport fishery off Alaska, while the State of Alaska manages the salmon sport fisheries (Chinook, coho, sockeye, chum, and pink), as well as several other saltwater sport fisheries. The updated survey's scope covers marine sport charter fishing for Pacific halibut, salmon, and other popular marine sport species in Alaska (e.g., lingcod and rockfish). The data collected from the survey will be used to update estimates of the demand for and value of Pacific halibut fishing to charter anglers and to analyze how the type of fish caught, fishery regulations, and other factors affect fishing values and anglers' decisions to participate in Alaska marine charter fishing activities. The economic information provided

from the survey will help inform fishery managers about the economic values of Alaska marine charter halibut fisheries and the changes to participation in these fisheries with proposed regulations.

Affected Public: Individuals or households.

Frequency: Once.

Respondent's Obligation: Voluntary.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Annual Economic Survey of Federal Gulf and South Atlantic Shrimp Permit Holders

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 19, 2025, during a 60-day comment period.

This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Annual Economic Survey of Federal Gulf and South Atlantic Shrimp Permit Holders.

OMB Control Number: 0648–0591.

Form Number(s): None.

Type of Request: Regular submission [Extension of a current information collection].

Number of Respondents: 650.

Average Hours per Response: 0.75.

Total Annual Burden Hours: 488.

Needs and Uses: This is a request for an extension of a currently approved information collection. NOAA Fisheries, Southeast Fisheries Science Center, annually collects economic data from commercial anglers in the Gulf and South Atlantic shrimp fisheries who hold one or more permits for harvesting shrimp from Federal waters (U.S. Exclusive Economic Zone). A collection of economic information from fishers affected by the management of Federal commercial fisheries is needed to ensure that the national goals, objectives, and requirements of the Magnuson-Stevens Fishery Conservation and Management Act (MFCMA) and other laws are met. These data are needed to conduct economic analyses in support of management of the shrimp fishery and to satisfy legal requirements. Information about revenues, variable and fixed costs, capital investment and other economic information is collected from a random sample of permit holders. The data will be used to assess how anglers will be impacted by and respond to Federal regulations likely to be considered by fishery managers.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: Magnuson Stevens Fishery Conservation and Management Act.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for Economic Surveys of the Commercial and Charter Harvesting Sectors of Federally Managed Fisheries: Hawaii and American Samoa Pelagic Longline Fishery Trip Cost Data Collection

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 6, 2021 (86 FR 213) during a 60-day comment period. This notice allows for an additional 30 days for public comments on this specific information collection.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Generic Clearance for Economic Surveys of the Commercial and Charter Harvesting Sectors of Federally Managed Fisheries: Hawaii and American Samoa Pelagic Longline Fishery Trip Cost Data Collection.

OMB Control Number: 0648–0823.

Form Number(s): None.

Type of Request: Regular submission (revision to add a new generic information collection under an approved generic information collection).

Total Anticipated Respondents: 95.

Average Minutes per Response: 10.

Estimated Total Burden Hours: 32.5.

Needs and Uses: This is a revision request to add surveys for the Hawaii

and American Samoa Pelagic Longline Fishery Trip Cost Data Collection to the Generic Clearance for Economic Surveys of the Commercial and Charter Harvesting Sectors of Federally Managed Fisheries.

The National Oceanic & Atmospheric Administration's National Marine Fisheries Service (NMFS or NOAA Fisheries) has conservation and management responsibilities for many living marine resources and their habitat. NMFS collects and uses economic data to make more than a cursory determination of whether a variety of provisions in the applicable laws, Executive Orders (EOs), and NOAA or NMFS strategies and policies have been met by past fishery conservation and management actions or will be met by proposed actions. The relevant measures of economic performance include costs, earnings, and profitability (net revenue); productivity and economic efficiency; capacity; economic stability; the level and distribution of net economic benefits to society; and market power. The economic impacts include sector, community, or region-specific and national employment, sales, value-added, and income impacts. The efforts to monitor, explain and predict changes in economic performance and impacts are ongoing and contribute to the value of the information contained in regulatory analyses of current and proposed fishery conservation and management measures, stock assessment and fishery evaluation (SAFE) reports, as well as other technical and scientific reports that address changes in economic performance and impacts.

Affected Public: Individuals or households and Business or other for-profit organizations.

Frequency: Twice a year for three years.

Respondent's Obligation: Voluntary.
Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act (MSA).

BILLING CODE 3510–22–P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to and deletions from the Procurement List.

SUMMARY: The Committee is proposing to add service(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes product(s) and service(s) previously furnished by such agencies.

DATES: Comments must be received on or before: July 06, 2025.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Suite 325, Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: For further information or to submit comments contact: Michael R. Jurkowski, Telephone: (703) 489–1322, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51–2.3. Its purpose is to provide interested persons an opportunity to submit comments on the proposed actions.

Additions

In accordance with 41 CFR 51–5.3(b), the Committee intends to add the services requirement listed below to the Procurement List as a mandatory purchase only for contracting activity at location listed with the proposed qualified nonprofit agency as the authorized source of supply. Prior to adding the service to the Procurement List, the Committee will consider other pertinent information, including information from Government personnel and relevant comments from interested parties regarding the Committee's intent to geographically limit this services requirement.

The following service(s) are proposed for addition to the Procurement List for
