A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995, unless the information collection has a valid OMB Control Number. The OMB Control Number for this information collection is 0651-0057. Public burden for this form is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the Office of the Chief Administrative Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450 or email InformationCollection@uspto.gov.

Q3. Approximately how many Office Actions have you received during the past 3 months?

- ☐ 1 to 10
- ☐ 11 to 20
- ☐ 21 to 30
- ☐ 31 to 50
- ☐ 51 or more
- ☐ Have not received an Office Action in the past 3 months

Q4. Consider your experiences over the past 3 months. Please think about the rules and procedures Patent Examiners must adhere to in their decisions. To what extent did the Patent Examiners you worked with adhere to the following rules and procedures with respect to:

This section is about Title 35 U.S.C. rejections. The questions ask about correctness, clarity, and consistency of rejections using the following definitions:

Correctness: Compliance with all requirements of Title 35 U.S.C. as well as the relevant case law at the time of issuance. Decisions to reject were proper and contained sufficient evidence to support a conclusion of unpatentability.

Clarity: Sufficiently allows anyone reviewing a rejection to readily understand the position taken.

Consistency: A similar manner of treatment and examination standards between applications and examiners.
