<sup>1</sup> English version is provided as Att^a (e.g., AttC1a\_Core\_CATI) and Spanish translation is available as Att^b (e.g., AttC1b\_Core\_CATI)

<sup>2</sup> Multiple gestation live birth pregnancies receive Att^2; all others receive Att^1

<sup>3</sup> Online occupational questionnaire (OOQ) varies slightly depending upon the participant's reported area of occupation (agriculture [AttF1.1], cosmetology [AttF1.2], electronic equipment operator [AttF1.3], healthcare [AttF1.4], janitorial [AttF1.5], office worker [AttF1.6], restaurant [AttF1.7], or teaching [AttF1.8])

<sup>4</sup> Att^1 is for stillbirth without a birth defect and Att^2 for live born controls and stillbirths with a birth defect

<sup>5</sup> Att^1 is for women who completed both the core and stillbirth CATI, Att^2 is for women who completed the core CATI but not the stillbirth CATI, and Att^3 for women completed the stillbirth CATI at a later date.

<sup>6</sup> Att^1 is for former BD-STEPS participants and Att^2 for women who did not participate in BD-STEPS
