BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–25–1360; Docket No. CDC–2024–
0077]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease
Control and Prevention (CDC), as part of
its continuing effort to reduce public
burden and maximize the utility of
government information, invites the
general public and other federal
agencies the opportunity to comment on
a continuing information collection, as
required by the Paperwork Reduction
Act of 1995. This notice invites
comment on a proposed information
collection project titled CryptoNet Case
Report Form. The CryptoNet Case
Report Form will be used by federal,
state, and local public health officials
responsible for conducting interviews
with reported cases of cryptosporidiosis
in their jurisdiction in order to
systematically assess core exposure
elements and risk factors among cases of
cryptosporidiosis.

DATES: CDC must receive written
comments on or before December 20,
2024.

ADDRESSES: You may submit comments,
identified by Docket No. CDC–2024–
0077 by either of the following methods:

- **Federal eRulemaking Portal:**
www.regulations.gov. Follow the
instructions for submitting comments.

- **Mail:** Jeffrey M. Zirger, Information
Collection Review Office, Centers for
Disease Control and Prevention, 1600
Clifton Road NE, MS H21–8, Atlanta,
Georgia 30329.

Instructions: All submissions received
must include the agency name and
Docket Number. CDC will post, without
change, all relevant comments to
www.regulations.gov.

Please note: Submit all comments through
the Federal eRulemaking portal
(www.regulations.gov) or by U.S. mail to the
address listed above.

FOR FURTHER INFORMATION CONTACT: To
request more information on the
proposed project or to obtain a copy of
the information collection plan and
instruments, contact Jeffrey M. Zirger,
Information Collection Review Office,
Centers for Disease Control and
Prevention, 1600 Clifton Road NE, MS
H21–8, Atlanta, Georgia 30329;
Telephone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the
Paperwork Reduction Act of 1995 (PRA)
(44 U.S.C. 3501–3520), federal agencies
must obtain approval from the Office of
Management and Budget (OMB) for each
collection of information they conduct
or sponsor. In addition, the PRA also
requires federal agencies to provide a
60-day notice in the **Federal Register**
concerning each proposed collection of
information, including each new
proposed collection, each proposed
extension of existing collection of
information, and each reinstatement of
previously approved information
collection before submitting the
collection to the OMB for approval. To
comply with this requirement, we are
publishing this notice of a proposed
data collection as described below.

The OMB is particularly interested in
comments that will help:

1. Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;
2. Evaluate the accuracy of the
agency's estimate of the burden of the

proposed collection of information,
including the validity of the
methodology and assumptions used;

3. Enhance the quality, utility, and
clarity of the information to be
collected;

4. Minimize the burden of the
collection of information on those who
are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submissions
of responses; and

5. Assess information collection costs.

Proposed Project

CryptoNet Case Report Form (OMB
Control No. 0920–1360, Exp. 1/31/
2025)—Revision—National Center for
Emerging and Zoonotic Infectious
Diseases (NCEZID), Centers for Disease
Control and Prevention (CDC).

Background and Brief Description

The Waterborne Disease Prevention
Branch (WDPB) in the Division of
Foodborne, Waterborne, and
Environmental Diseases (DFWED) works
to prevent domestic and global water-
related diseases. The WDPB is
comprised of five teams, including the
Domestic Waterborne Disease
Epidemiology and Response (WDER)
Team, which focuses on the prevention
and control of waterborne-related
diseases and outbreaks in the United
States. One of the diseases included in
the team's work is cryptosporidiosis, an
acute diarrheal disease caused by
infection with *Cryptosporidium*
parasites. The Case Surveillance
Program is a subunit within the
Domestic WDER Team that focuses on
the data collection and management
activities of five waterborne diseases,
including cryptosporidiosis, in the
United States. The Case Surveillance
Program's current scope of work
includes modernizing data collection
and management, enabling data
connections, and improving public data
access to aid public health action.

CryptoNet is the first molecular
tracking system for *Cryptosporidium* in

the United States. To meet the needs of the CryptoNet and Case Surveillance Program, and the needs of local officials, the CryptoNet case report form (CRF) was developed. The CRF includes a set of data elements that can be used to identify exposures trends in outbreak- and non-outbreak-associated *Cryptosporidium* cases, to generate hypotheses about the sources of infection in clusters or outbreaks, and to identify strategies to prevent and control *Cryptosporidium* cases, clusters, or outbreaks.

Data from the CRF will be used by federal, state, and local public health officials responsible for conducting interviews with reported cases of cryptosporidiosis in their jurisdiction in order to systemically assess core exposure elements and risk factors among cases of cryptosporidiosis. Collected data will be used by CDC staff to inform cryptosporidiosis sporadic case, cluster, and outbreak prevention and control strategies. CRF data elements and the CRF were designed for administration via telephone interviews

with individuals ill with cryptosporidiosis, or their designated proxy.

CDC requests OMB approval for an estimated 125 burden hours. Providing information is voluntary, and there are no costs to respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Individuals ill with cryptosporidiosis, or their designated proxy.	CryptoNet Case Report Form.	500	1	15/60	125
Total					125

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-25-0706; Docket No. CDC-2024-0081]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled National Program of Cancer Registries Program Evaluation Instrument (NPCR-PEI). The NPCR-PEI is a web-based survey instrument designed to evaluate NPCR-

funded registries' operational attributes and their progress towards meeting program standards.

DATES: CDC must receive written comments on or before December 20, 2024.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2024-0081 by either of the following methods:

- ☐ *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- ☐ *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7118; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of

Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

5. Assess information collection costs.
