

Non-substantive Change Request
OMB Control Number 0920-1392
The Study to Explore Early Development (SEED) Follow-up Study
Date Submitted: 02/26/2025

Summary of request: CDC/NCBDDDD is requesting a change request to revise questions to align with EO 14168 *Defending Women From Gender Ideology Extremism and Restoring Biological Truth to the Federal Government*.

Description of Changes Requested: This request updates sex questions used in The Study to Explore Early Development (SEED) Follow-up Study to be in accordance with EO 14168. Please check the boxes below if your request includes:

- ☒ Revision of an existing question(s)
- ☒ Deletion of an existing question(s)

Description of Changes to Burden (if applicable):

There is no change in Burden Hours associated with the modifications made to comply with EO 14168.

Other Considerations (optional): For this change request, we are modifying data collection instruments for the SEED Follow-up Study to meet the requirements of EO 14168. All questions related to individual's sex have been revised to only ask for a response of male and female. In addition, we are removing any language related to gender and gender identity. This project was previously approved by OMB on 4/12/2023.
