TITLE OF INFORMATION COLLECTION: Administration for Children and Families
Office of Grants Management Grants Learning Experience Customer Feedback

PURPOSE AND USE: The purpose of this information collection is to collect customer feedback regarding webinars and events held by the Administration for Children and Families (ACF) Office of Grants Management (OGM). OGM sits within the Office of Administration with a mission to provide high-quality fiscal stewardship and management for all ACF- funded recipients across the country and U.S. territories. With support from the Office of Administration, OGM plans to host various national and regional online and in-person learning experiences based on needs identified by the customers of ACF. These learning events will be held on an ongoing basis as part of an effort to build out the agency’s grants management training and technical capacity.

The feedback received through these surveys will allow OGM staff to understand the experience of customers with each learning experience so that they can make improvements to better serve customers and meet their information needs. The surveys will include feedback questions that are structured to be of shorter length during completion of individual learning experience for both online and in-person learning experiences. Data will be used by OGM staff to make improvements to the future learning events. They will not be used for evaluation purposes.

Due to the varied structure of each learning experience for which feedback is needed, the information collection is designed to allow Office of Administration and OGM staff to choose feedback questions tailored to the experience and reduce the potential burden on respondents of needing to answer identical questions for every instance, even when those questions may not be applicable. As such, a universe of question is provided with this request from which Office of Administration and OGM staff will select questions. The estimated average time per survey will be 10 minutes.

DESCRIPTION OF RESPONDENTS: Participants will include state and local human services agency staff, non-profit organization staff, or other public or private organization staff who attend learning experiences and meetings offered by OGM.
