TITLE OF INFORMATION COLLECTION: Sexual Risk Avoidance Education (SRAE) Grantee Topical Training Feedback Survey

PURPOSE AND USE: The Family and Youth Services Bureau’s (FYSB) Sexual Risk Avoidance Education (SRAE) grantees (Title V State, Title V Competitive, and GD-SRAE) are required to participate in two annual topical training sessions to build their skills and capacity to deliver SRAE programming to youth. The purpose of the proposed survey is to collect grantee/participant satisfaction and input from two (2) SRAE topical trainings in 2025. The survey is necessary to capture participant perspectives and experiences about the training. The information collected will enable us to improve the quality of trainings and will inform the development of future training and technical assistance opportunities, including additional topical trainings.

SRAE Grantee Topical Training Satisfaction Survey

Of the two trainings scheduled to occur in 2025, one will be delivered virtually and the other will be delivered in person. The surveys will be delivered differently depending on the training delivery mechanism. The topical training survey will be administered in-person in a paper-based format when the training occurs in person, and online using the online survey software platform, Alchemer.

During an in-person training session, the participants will receive a paper survey at the end of the training and will have an opportunity to complete it before the training day concludes. For the virtual training session, a link to the survey will be shared in the chat at the end of the training. Virtual attendees will also receive an email following the training to remind them to complete the survey. The survey includes multiple choice and open-ended questions and is estimated to take no longer than 10 minutes to complete.

The contractor (RTI International) will perform analysis of the responses.

DESCRIPTION OF RESPONDENTS: Respondents are all SRAE grantees (Title V State, Title V Competitive, and GD-SRAE).
