# Cybersecurity Coordinator and Alternate

---

- TSA requires TSA-specified critical pipeline owner/operators of hazardous liquid and natural gas pipelines and liquefied natural gas facilities to appoint a U.S. Citizen Cybersecurity Coordinator and alternate who must submit contact information.
- In addition to being U.S. Citizens, these individuals must be eligible for a security clearance.
- The Cybersecurity Coordinator serves as the primary contact for cyber-related intelligence information and cybersecurity-related activities and communications with TSA and CISA.
- Must be accessible to TSA and CISA 24 hours a day, 7 days a week; must coordinate cyber and related security practices and procedures internally; and must work with appropriate law enforcement and emergency response agencies.
