Instructions to Applicant

GENERAL INFORMATION

- An electronic, fillable, printable version of FAA Form 8610-1 is available at www.faa.gov.
- Make all entries using permanent dark blue or black ink, or a typewriter or printer. All signatures must be original, with the name printed or typewritten below or beside the signature.
- Unless otherwise specified, enter all dates using eight-digit numeric characters, MM/DD/YYYY (e.g., 03/29/2019).
- Read all supplemental information provided with this form including the Paperwork Reduction Act Burden statement, the Privacy Act statement, the Pilot's Bill of Rights Written Notification of Investigation, and the Instructions for Completing FAA Form 8610-1. Remove and retain the supplemental information before submitting the application.

IMPORTANT NOTE: The applicant's signature on FAA Form 8610-1 confirms the applicant has received the Privacy Act statement and the Pilot's Bill of Rights Written Notification of Investigation at the time application was made.

Enter your name as shown on your mechanic's certificate. Use commas to separate names, i.e. Last, First, Middle.

Enter your Mechanic Certificate number as shown on your mechanic's certificate.

Enter your mailing address. A post office box is acceptable. If the address is outside of the U.S., include the Country.

Enter the address of your fixed base of operations at which you may be located in person during a normal work week.

Enter your telephone number at which you can be contacted during a normal work week.

Enter your email address. If you do not have an email address or choose not to provide one, enter "NONE". Providing this information will assist the local FAA office in disseminating renewal and other information applicable to holders of an Inspection Authorization.

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Block 8 - This question identifies the following situations:

- Retest Applicants - An applicant must wait 90 days after failure of the IA written/knowledge test and return to a Flight Standards office for a newly endorsed FAA Form 8610-1. The applicant is required to submit the applicable failed Airman Knowledge Test Report (AKTR) and new endorsed FAA Form 8610-1 to the testing center prior to retesting.
- IA Recent Issuance - Applicants applying for renewal within 90 days of Inspection Authorization issuance are renewed using the recent issuance provisions of §65.93(b). In block 10, check "Recent Issuance" and enter the date your authorization was last issued.

Block 10. BASIS FOR RENEWAL – Complete only when renewing Inspection Authorization.

An Inspection Authorization expires on March 31 of each odd-numbered year. A renewal year/period is based on April 1st of the first year through March 31st of the next year.

RECENT ISSUANCE – Check this block when you have been issued an Inspection Authorization in effect for:

- Less than 90 days before the Inspection Authorization expiration date - Do not record any renewal activity in Block 10.
- Less than 90 days before March 31st of a non-renewal year – Record your 2nd year renewal activity. Enter N/A in the 1st year activity blocks.

Renewal Activity - Reference § 65.93 for renewal activity requirements for each year.

- Enter the number of annual inspections, repairs, alterations, or progressive inspections you have performed, if your renewal will be based on one of these activities. You cannot use a mixture of activities as the basis for renewal within a renewal period because § 65.93(a) does not provide for this. Each renewal year/period must be based on the required number of either: annual inspections, major repairs/alterations, or progressive inspections specified in § 65.93.

☒ The FAA will review evidence of renewal activity at the time of renewal, e.g. activity sheet, log(s), etc.

- If renewal is based on attendance and completion of a refresher course, enter the FAA accepted course/seminar number, the course location/provider, number of course hours, and the date of course completion. For technical training conducted by a manufacturer, enter the course title, in place of the course/seminar number.

☒ The FAA will review evidence of training course attendance at the time of renewal, e.g. certificate(s) of course completion.

- If renewal is based on the passing of an oral test conducted by an FAA inspector, enter the date the test was passed.

☒ The FAA will review evidence of oral test results at the time of renewal, e.g. FAA letter documenting oral test completion and results.

Block 11. AIRCRAFT MAINTENANCE ACTIVITY DURING THE LAST 2 YEARS. – Complete for renewal and initial application of Inspection Authorization.

Enter the aircraft maintenance activity showing you are actively engaged in maintaining aircraft certificated and maintained in accordance with Title 14 CFR. All applications (initial or renewal) must enter applicable information in these blocks. Attach additional sheets if necessary to record activity.

Date From. Enter your employment start date in a six-digit (MM/YYYY) numeric format.

Date To. Enter your employment end date in a six-digit (MM/YYYY) numeric format.

Facility Where Activity Performed. Enter the name of your employer and the city and state of your employment.

Description of Activity. Enter the type of work performed with the employer. Job and/or position titles are not a description of work performed.

If needed, enter any additional information regarding your initial application or renewal in this block.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.
