

Data Availability Notification

OMB Control Number: 0648-0174

Expiration Date: XX/XX/20XX

Pursuant to 15 CFR Part 960, CRSRA categorizes license applicants based upon the capability of the licensed system to collect unenhanced data substantially the same as unenhanced data already available. To be considered in the data availability analysis, data must be available per the definition in 960.4, "available means readily and consistently obtainable by an entity or individual other than the U.S. Government or a foreign government."

If you are uncertain if the data re unenhanced per the definition in 960.4, please submit the form including as much information as you know, and CRSRA will make a determination.

Privacy Act Statement

Authority: The collection of this information is authorized under 5 U.S.C. § 301, Departmental regulations, which authorizes the operations of an executive agency, including the creation, custodianship, maintenance and distribution of records; and the National and Commercial Space Programs Act of 2010, 51 U.S.C. § 60101, et seq. and regulations at 15 CFR Part 960.

Purpose: NOAA collects this information in order to assist in categorizing license applications and updating the categorization of licensed systems under the Land Remote Sensing Policy Act of 1992 (51 U.S.C. § 60101 et seq.) and regulations, 15 CFR Part 960.

Routine Uses: The information is used for the purpose set above and may be shared among CRSRA and other Department of Commerce employees and affiliates for work-related purposes. The information may be made available to other Federal entities and their affiliates for work-related purposes when necessary to obtain or share information relevant to licensing, compliance, or enforcement activities. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice

Commerce/NOAA11(<http://www.osec.doc.gov/opog/PrivacyAct/SORNs/noaa-11.html>), Contact Information for Members of the Public Requesting or Providing Information Related to NOAA's Mission.

Disclosure: Furnishing this information is voluntary.

PRA Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0174. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are mandatory pursuant to 15 C.F.R. § 960. This information is used by NOAA to record the details of an anomaly from a licensed remote sensing system. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to NOAA, 1401 Constitution Ave., NW Washington, D.C. 20230, Attn: CRSRA Director, Dr. Sarah Brothers, sarah.brothers@noaa.gov.

Does the information submitted include any proprietary information?

- ☐ Yes
- ☐ No

What is the name of the remote sensing space system (satellite or constellation) ^{*} that collects the data?

Your answer

Type of Data ^{*}

- ☐ Panchromatic (PAN)
- ☐ Multispectral (MSI)
- ☐ Hyperspectral (HSI)
- ☐ Short-Wave Infrared (SWIR)
- ☐ Mid-Wave Infrared (MWIR)
- ☐ Long-Wave Infrared (LWIR)
- ☐ Synthetic Aperture Radar
- ☐ Other:

What is the spatial resolution of the data (please include unit)?

Your answer

What is the spectral resolution of the data (if applicable)?

Your answer

What are the thermometric accuracy and/or minimum resolvable temperature difference of the data (if applicable)?

Your answer

What is the revisit rate of the sensor or constellation?

Your answer

What processing has the data undergone before being sold?

Your answer

Where can the data be obtained (for example, company name and web address?)

Your answer

Is the source the operator or a reseller?

☐ Operator

☐ Reseller

From what country does the data originate?

Your answer

Is there any additional information about the data you would like CRSRA to consider or be aware of? Attachments may be submitted directly to CRSRA@noaa.gov.

Your answer
