

Estimated Number of Respondents: 567.

Estimated Time per Response: General permits and authorizations, 1 hour and 30 minutes; special use permits, 8 hours; historical resources permits, 13 hours; baitfish permits, 25 minutes; permit amendments and certifications, 30 minutes; voluntary registrations, 15 minutes; appeals, 24 hours; Tortugas access permits, 5 minutes.

Estimated Total Annual Burden Hours: 2,307.75.

Estimated Total Annual Cost to Public: There are no capital/start-up or ongoing operation/maintenance costs associated with this information collection. The submission of information under this collection is primarily via email, phone, or fax and does not result in additional costs to the public.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: 16 U.S.C. 1431 *et seq.*

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–NK–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Resident Perceptions of Offshore Wind Energy Development Off the Oregon Coast and Along the Gulf of Mexico

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 27, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Resident Perceptions of Offshore Wind Energy Development off the Oregon Coast and Along the Gulf of Mexico.

OMB Control Number: 0648–0744.

Form Number(s): None.

Type of Request: Regular (Revision).

Number of Respondents:

Oregon—Focus groups: 48;

Questionnaire: 4,569.

Gulf of Mexico (TX and LA)—Focus groups: 64; *Questionnaire:* 4,925.

Total—Focus Groups: 112;

Questionnaire: 9,494.

Average Hours per Response:

Focus groups: 1 hour; *Questionnaire:* 20 minutes.

Total Annual Burden Hours:

Oregon: 1,571.

Gulf of Mexico (TX and LA): 1,705.66.

Total: 3,276.66.

Needs and Uses: This is a request for revision to an existing information

collection. Pursuant to E.O. 14057 (Executive Order on Catalyzing Clean Energy Industries and Jobs Through Federal Sustainability), the Outer Continental Shelf Land Act, the National Environmental Policy Act, and the Coastal Zone Management Act, the requested revision will expand the existing data collection, which is currently focused on coastal Oregon, by adding a new geographical location, specifically, coastal Texas and Louisiana along the Gulf of Mexico.

The Bureau of Ocean Energy Management (BOEM) held its first leasing auction for the Gulf of Mexico in August 2023. BOEM finalized four Wind Energy Areas (WEAs) in the Gulf of Mexico in October 2023. Outside of official public engagement forums, preferences about offshore wind energy development generally remain unknown for members of the public, as well as for groups who may not perceive themselves as stakeholders. Failure to gain the perspective of communities regarding potential benefits or impacts is problematic, particularly when latent stakeholders to local projects emerge late in the planning process.

The National Ocean Service (NOS) proposes to expand collection of data on the opinions, values, and attitudes relative to offshore wind energy development to coastal residents of Texas and Louisiana along the Gulf of Mexico in addition to coastal Oregon. Respondents (age 18 years and older) will be randomly sampled from households in 39 coastal counties in Texas and Louisiana. This information will be used by NOAA, BOEM, and others to understand what is important to communities; understand how differing values and perceptions across communities influence local receptivity to proposed development; and improve communication efforts targeted to residents, enabling agencies to more effectively and efficiently direct outreach and community inclusion activities. NOAA has a vested interest in offshore wind energy development, from many perspectives, including as it relates to the resilience, well-being, and sustainability of coastal communities.

Affected Public: Individuals or households.

Frequency: Once.

Respondent's Obligation: Voluntary.

Legal Authority: NOAA's

Programmatic Authority—Integrated Coastal and Ocean Observation System Act (33 U.S.C. 3601 *et seq.*); BOEM's Programmatic Authority—Outer Continental Shelf Lands Act (43 U.S.C. 1346).

This information collection request may be viewed at www.reginfo.gov.

Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0744.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–JE–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Deep Seabed Mining Exploration Licenses

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 15, 2024.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648–0145 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Kerry Kehoe, Federal Consistency Specialist, 1305 East-West Highway, 10th Floor, Silver Spring, MD 20910, 240–560–8518, Kerry.Kehoe@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for the extension of the currently approved information collection. No changes have been made to the collection requirements. NOAA’s regulations at 15 CFR part 970 govern the issuing and monitoring of exploration and production licenses under the Deep Seabed Hard Mineral Resources Act. The NOAA Office for Coastal Management is responsible for approving and administering licenses. Any persons seeking a license must submit certain information that allows NOAA to ensure the applicant meets the standards of the Act. Licensees are required to conduct monitoring and make reports, and they may request revisions, transfers, or extensions of licenses. Information required for the issuance and extension of licenses is provided to fulfill statutory requirements to ensure that license applicants have identified areas of interest for deep seabed hard mineral exploration and production; developed plans for those activities; have the financial resources available to conduct proposed activity; and have considered the effects of the activity on the natural and human environment. This information is used to determine whether licenses should be granted or extended.

Exploration licenses and commercial recovery permits under the Deep Seabed Hard Mineral Resources Act are only for activities by U.S. citizens in international waters. No license or permit applications have been received since the early 1980s, and none are expected during this collection period. Two exploration licenses issued in the early 1980s are held by Lockheed Martin Corporation. The licenses are subject to annual reporting requirements and extension requests every five years. No at-sea exploration is authorized under the licenses without further authorization from NOAA.

II. Method of Collection

Submission may be made by on paper or by electronic transmission.

III. Data

OMB Control Number: 0648–0145.

Form Number(s): None.

Type of Review: Extension of a current information collection without change.

Affected Public: Businesses.

Estimated Number of Respondents: 1.

Estimated Time per Response: Annual report: 20 hours; extension request: 250 hours.

Estimated Total Annual Burden Hours: 20 hours. For those years in which an extension request must be made the estimated total annual burden is 270 hours.

Estimated Total Annual Cost to Public: \$200 in record keeping/reporting costs.

Respondent’s Obligation: Required to maintain or apply for licenses.

Legal Authority: 30 U.S.C. 1441 et. seq.; 15 CFR part 970.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this information collection requirement. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.
