Analysis for Probabilistic and Risk Reduction Decision Support Fire Weather Service
OMB Control No. 0648-0827

The National Oceanic & Atmospheric Administration is submitting this non-substantive change request in order to bring the demographic questions in line with the OPM issued memorandum titled, "**Initial Guidance Regarding President Trump's Executive Order *Defending Women***". The only change was to question 10.8 to reflect that NOAA is collecting 'sex' information and to remove two response options. This change is minimal and does not change the public burden.
