**MEMORANDUM FOR APPROVAL OF INFORMATION COLLECTION REQUEST**

**SUBJECT:** Review and approval of information collection for Deputy Assistant Secretary of Defense for Reserve Integration

As a senior official appointed oversight of Civil Military Programs by the Trump administration, I affirm that the information collections titled “DD 3225 Community Application for Civil Military Partnership”; “DD 3226 Military Application for Civil Military Partnership”; and “DD 3227 After Action Report for Civil Military Partnership and Training” are essential. These collections support our commitment to highly efficient and effective military training to enhance the readiness of the American warfighter and the threat resilience of American communities, aligning with our administration’s key national security priorities.
