TITLE OF INFORMATION COLLECTION: USMC SAPR Services Satisfaction Survey

PURPOSE: The purpose of this survey is for the Headquarters Marine Corps Program Evaluation and Research team to monitor client satisfaction with Sexual Assault Prevention and Response (SAPR) program services. Services include SAPR Victim Advocate (SAPR VA) and Sexual Assault Response Coordinator (SARC).

Information collected via the survey is not intended to be used for the purposes of making SAPR policy decisions. Additionally, the survey does not ask any sensitive questions related to the personal experiences that may have prompted the participant to seek SAPR services. The survey only asks respondents to anonymously provide feedback on their satisfaction with the services they received.

DESCRIPTION OF RESPONDENTS: Respondents will be Marines and their spouses who use SAPR Services (detailed above). Participations may be asked to complete this satisfaction survey after they receive care from these services. Qualtrics QR codes will be posted in the SAPR offices. If clients elect to complete the survey, they will scan the QR code. Program staff will request anonymous survey completion but will not require feedback from any participant. Alternately, if potential participants would like to receive the survey invitation via text or email, they can request a URL be sent to them.
