The screen capture images that follow show ALL of the questions included in the survey. Questions numbered with decimals (e.g., 20.1, 20.1.1, 20.1.2, and 20.1.3,) are only displayed when a preceding response option is selected, triggering branching display logic for the sub-question. For example, selecting the response option "Other, please specify." triggers display of a follow-up question and open-ended response text box.

The actual survey appears as one web page; this enables the respondent to view the entire set of questions except the questions that appear only when a specific option is selected. The pagination of this document accommodates the screen capture images. An example of the survey can be viewed online at the following sample URL:
