

Transportation Management Plan Commuter Survey Prompt (Email):

*The Department of Defense Washington Headquarters Services (WHS) is preparing a transportation management plan for the Mark Center. The purpose of a TMP is to better understand the use of site-specific transportation infrastructure and services as well as to recommend strategies to enhance the efficient and sustainable use of the infrastructure and services. As part of this effort, WHS is trying to better understand the commuting patterns of individuals working at the Mark Center. Please follow the link below to help inform this important effort: << [Commuter Survey Link DO NOT USE FOR OFFICIAL PURPOSES TEST ONLY](#)>>. Thank you in advance for your time.*
