#### Need

Describe the need to expand or begin providing the proposed service(s), and how this proposal will respond to the health care needs of the target population (with reference to relevant special populations, demographic characteristics, and/or access to care/health status indicators).

(2,000 characters maximum - about one page)

[Applicant enters required response here]

#### Response

Describe the following:

1. An appropriate timeline for project implementation that demonstrates operational readiness within 120 days of award for the provision of new and expanded existing services.

(1,000 characters maximum - about half of a page)

[Applicant enters required response here]

2. How the health center will ensure that all proposed services are or will be integrated into the existing service delivery model.

(1,000 characters maximum - about half of a page)

[Applicant enters required response here]

3. How the health center will ensure that all proposed services are accessible without regard to ability to pay through a sliding fee discount program.

(1,000 characters maximum - about half of a page)

[Applicant enters required response here]

4. How the health center plans to ensure that all patients will have reasonable access to any proposed new services, as appropriate. Include details about any services or staff proposed under the Other Enabling Services category on Form 5A and/or the Staffing Impact Form.

(1,000 characters maximum - about half of a page)

[Applicant enters required response here]

5. If any services will be provided by a Formal Written Agreement (via Column II on Form 5A), describe how the health center maintains oversight over all services provided via contracts/agreements or sub-recipient arrangements in accordance with Health Center Program requirements. If services are not provided via Formal Written Agreement, indicate that this question is not applicable.
