## **Usability Survey: Online, English**

Public reporting burden of this collection of information is estimated to average 18 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-####).

[REQUIRED]  
C2CONSENT.

## Informed Consent

Thank you for participating in this study. The purpose of this survey is to better understand whether CDC's Talk to Nathan About Prostate Cancer Screening helps men make decisions about the harms and benefits of prostate cancer screening. Specifically, we want to know whether this interactive decision aid is useable, accessible, and acceptable. If you complete this survey, you will receive a \$25 gift code.

Who is sending this survey? ICF is a consulting firm that is working with the Division of Cancer Prevention and Control (DCPC) at the Centers for Disease Control and Prevention (CDC) to evaluate different prostate cancer screening decision aids and their ability to help men between the ages of 55-69 years make a decision whether to get a prostate-specific antigen (PSA) test. A PSA test is a blood test that measures the level of PSA in the blood. PSA is a substance made by the prostate.

How long will it take? This survey will take no longer than 15 minutes. Your participation in this study is 100% voluntary which means you can choose whether you want to take part this survey.

What are the risks and benefits of doing the survey? As a respondent to this survey, there is a minimal risk related to your privacy and/or confidentiality, but steps have been taken to remove your personal information so that you cannot be identified. Only members of the research team will have access to study information. Remember, your participation is completely voluntary.

How will my information be shared outside of the study? Your personal responses will not be shared outside of the study. Summaries of survey results that are not linked to your name or clinic will be shared with CDC and/or may be published in a professional journal.

Who do I call about problems or questions? If you have questions about or concerns about your participation in this project, please contact the ICF project manager - Danielle Nielsen at [Danielle.Nielsen@icf.com](mailto:Danielle.Nielsen@icf.com). For questions regarding your rights as a study participant, you can contact ICF's Institutional Review Board (IRB) representative Christine Walrath at (646) 695-8154 or [Christine.Walrath@icf.com](mailto:Christine.Walrath@icf.com).

If you agree to participate in this study, please click "Begin Survey."

If you do not agree to participate, please click, "I decline."

Email text:

Hello!

Thank you for completing this survey for the CDC Prostate Cancer Evaluation Study!

Here is your Amazon gift code for \$25:

<GIFT\_CODE>

#### HOW TO USE YOUR AMAZON GIFT CODE

The code is a unique number you can use to purchase items online at amazon.com. You may enter the code online when you are ready to make a purchase at amazon.com. There is no expiration date.

Save this code in a safe space until you are ready to use it. Some ideas to keep it safe are:

1. Write it down on a sheet of paper and keep it in a safe and hidden location.
2. Take a photo of the code with your phone.
3. Save the code in your Amazon.com account. If you have an amazon.com account, you can save your code in your account until you are ready to spend it.

Type in this link: <https://www.amazon.com/gc/redeem/>

Or, follow these instructions:

1. Go to amazon.com
2. In the blue banner, click on "Gift Cards & Registry"
3. On the gift cards page, choose "redeem a gift card"
4. Type or copy/paste the gift code into the "Enter claim code" field

Thank you once again for your time and feedback!

regards,

Debbie Krugipudi

CDC Prostate Evaluation Study Support Staff
