Hi Laurie,

Thanks! I am including Anusha who is now the NCIPC ISSO. She and others from NCIPC IT Security will be able to review and provide feedback.

Sincerely,
Danny

Subject: Privacy determination request: OMB package for MyMobility contract

Hi Danny,

Please find attached an OMB package for the service delivery GenIC for your review for privacy determination. For a quick summary, we have a contract with Brunet Garcia to update the MyMobility Plan and its associated products regarding medications. They will be conducting 5 virtual focus groups to get feedback from adults aged 55-74 (the intended users of the materials). The contractor will need to collect names and mailing addresses to send the materials

and incentives to participants, but this contact information will be stored separately from the data collected during the focus groups.

Please let me know if you have any questions. Thanks!
