Request for Approval under the "Generic Clearance for the Collection of Routine Customer Feedback" (OMB Control Number: 0920-1050)

Instruction: This form should be completed by the primary contact person from the Program sponsoring the collection.

DETERMINE IF YOUR COLLECTION IS APPROPRIATE FOR THIS GENERIC CLEARANCE MECHANISM:

Instruction: Before completing and submitting this form, determine first if the proposed collection is consistent with the scope of the Collection of Routine Customer Feedback generic clearance mechanism. To determine the appropriateness of using the Collection of Routine Customer Feedback generic clearance mechanism, complete the checklist below.

If you select "yes" to all criteria in Column A, the Collection of Routine Customer Feedback generic clearance mechanism <u>can</u> be used. If you select "yes" to any criterion in Column B, the Collection of Routine Customer Feedback generic clearance mechanism <u>cannot</u> be used.

Column A	Column B

Did you select "Yes" to all criteria in Column A?

If yes, the *Collection of Routine Customer Feedback* generic clearance mechanism may be appropriate for your investigation. You may proceed with this form.

Did you select "Yes" to any criterion in Column B?

If yes, the *Collection of Routine Customer Feedback* generic clearance mechanism is **NOT** appropriate for your investigation. Stop completing this form now.

TITLE OF INFORMATION COLLECTION: Focus groups to identify customers' pain
points and opportunities in collecting, managing, and using data — to inform the design of
Building Blocks

PURPOSE:

This effort is part of the Data Modernization Initiative (DMI). The purpose of these focus groups is to inform how the CDC prioritizes and designs future "Building Blocks" — modular software and services that will automate manual processes, in order to create efficiencies and improve decision-making. Specifically, we want to identify state, local and territorial health agency staff's frustrations, needs, and desired outcomes along various workflows of data ecosystems.

DESCRIPTION OF RESPONDENTS:

Respondents are state, local, and territorial public health agency staff who interact with data at any point along the data ecosystem. This can include IT staff, informatics staff, epidemiologists, administrators, nurses, among other types of staff.

TYPE OF COLLECTION: (Check one) Instruction: Please sparingly use the Other category [] Customer Comment Card/Complaint Form [] Usability Testing (e.g., Website or Software [X] Focus Group	[] Customer Satisfaction Survey [] Small Discussion Group [] Other:

CERTIFICATION:			
I certify the following to be true:			
1. The collection is voluntary.			
2. The collection is low-burden for respondents and low-cost for the Federal Government.			
3. The collection is non-controversial and does <u>not</u> raise issues of concern to other federal agencies.			
4. The results are <u>not</u> intended to be disseminated to the public.			
5. Information gathered will not be used for the purpose of <u>substantially</u> informing <u>influential</u> policy decisions.			
Name: Suzanne Soroczak			

Personally Identifiable Information:

1. Is personally identifiable information (PII) collected? [] Yes [X] No

To assist review, please provide answers to the following question:

- 2. If Yes, is the information that will be collected included in records that are subject to the Privacy Act of 1974? [] Yes [X] No
- 3. If Applicable, has a System or Records Notice been published? [] Yes [X] No

Gifts	or	Pay	ym	ents
--------------	----	-----	----	------

Is an incentive (e.g., money or reimbursement of expenses, token of appreciation) provided to participants? $[\]$ Yes [X] No

If Yes: Please describe the incentive. If amounts are outside of customary incentives, please also provide a justification

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

[X] Yes [] No

If Yes: Please provide a description of both below (or attach the sampling plan)

- a. **Customer list that defines the universe of potential respondents:** As part of the CDC Data Modernization Initiative (DMI), we have asked State, Territory, Local, Tribal (STLT) health department staff who touch data at any point along the data ecosystem (e.g., collection to reporting) to sign up to participate in future research and pilot partner activities. In this sign-up sheet, they listed their health department, type of health department (e.g., local, state, territory), and areas of expertise.
- **b.** Sampling plan: We plan to invite all those on the list who meet our inclusion criteria for the focus groups. The focus groups will be segmented by condition (Legionnaires' disease, listeria, HIV, childhood lead) and type of health department (local health departments, state/territory/big city health departments) and job role.

If No: Please provide a description of how you plan to identify your potential group of respondents and how you will select them or ask them to self-select/volunteer

Administration of the Instrument

How will you collect the information? (Check all that apply)
[X] Web-based or other forms of Social Media
[] Telephone
[] In-person
[] Mail

[X] Other, Explain Mural.co coworking board

2. Will interviewers or facilitators be used? [X] Yes [] No

Please make sure that all instruments, instructions, and scripts are submitted with the request.

See Appendix A for above
