

CDC 1815/1817 Recipient Satisfaction Survey Recruitment/Sampling Email

Survey Email Invitation

Hello [Recipient],

The Centers for Disease Control and Prevention (CDC) Division of Diabetes Translation (DDT) is working with ICF Next to support 1815 and 1817 recipients whose work involves enrolling individuals from disproportionately affected populations in National DPP LCPs.

As part of this work, CDC DDT is interested in your unique perspective on the training, technical assistance, and resources (e.g., promotional bundles or job aids) you have received as part of this marketing and communication support. We are interested in what is working, what could be better, and how we can best help you meet the needs of your audiences.

Please complete this brief (5 minute) survey to share your valuable perspective. The findings will only be used to improve processes and support; you and your organization will not be identified by name.

Thank you for your participation—please reach out to [ICF Next research administrator] with questions.
