

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0920-1050)

Instruction: This form should be completed by the primary contact person from the Program sponsoring the collection.

DETERMINE IF YOUR COLLECTION IS APPROPRIATE FOR THIS GENERIC CLEARANCE MECHANISM:

Instruction: Before completing and submitting this form, determine first if the proposed collection is consistent with the scope of the Collection of Routine Customer Feedback generic clearance mechanism. To determine the appropriateness of using the Collection of Routine Customer Feedback generic clearance mechanism, complete the checklist below.

If you select “yes” to all criteria in Column A, the Collection of Routine Customer Feedback generic clearance mechanism can be used. If you select “yes” to any criterion in Column B, the Collection of Routine Customer Feedback generic clearance mechanism cannot be used.

Column A	Column B
The information gathered will only be used internally to CDC. [X] Yes [] No	Information gathered will be publicly released or published. [] Yes [X] No
Data is qualitative in nature and not generalizable to people from whom data was not collected. [X] Yes [] No	Employs quantitative study design (e.g. those that rely on probability design or experimental methods) [] Yes [X] No
There are no sensitive questions within this collection (e.g. sexual orientation, gender identity). [X] Yes [] No	Sensitive questions will be asked (e.g. sexual orientation, gender identity). [] Yes [X] No
Collection does not raise issues of concern to any other Federal agencies. [X] Yes [] No	Other Federal agencies may have equities or concerns regarding this collection. [] Yes [X] No

[X] Yes [] No	Data will be used to inform programmatic or budgetary decisions, for the purpose of program evaluation, for surveillance, for program needs assessment, or for research. [] Yes [X] No
The collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the future. [X] Yes [] No	

Did you select “Yes” to all criteria in Column A?

If yes, the Collection of Routine Customer Feedback generic clearance mechanism may be appropriate for your investigation. You may proceed with this form.

Did you select “Yes” to any criterion in Column B?

*If yes, the Collection of Routine Customer Feedback generic clearance mechanism is **NOT** appropriate for your investigation. Stop completing this form now.*

TITLE OF INFORMATION COLLECTION: Focus groups to identify customers' pain points and opportunities in collecting, managing, and using data – to inform the design of Building Blocks

PURPOSE:

This effort is part of the Data Modernization Initiative (DMI). The purpose of these focus groups is to inform how the CDC prioritizes and designs future "Building Blocks" — modular software and services that will automate manual processes, in order to create efficiencies and improve decision-making. Specifically, we want to identify state, local and territorial health agency staff's frustrations, needs, and desired outcomes along various workflows of data ecosystems. We are collecting this data to better match potential participants with future research and design activities.

DESCRIPTION OF RESPONDENTS:

Respondents are state, local, and territorial public health agency staff who interact with data at any point along the data ecosystem. This can include IT staff, informatics staff, epidemiologists, administrators, nurses, among other types of staff.

CERTIFICATION:

I certify the following to be true:

1. The collection is voluntary.
2. The collection is low-burden for respondents and low-cost for the Federal Government.
3. The collection is non-controversial and does not raise issues of concern to other federal agencies.
4. The results are not intended to be disseminated to the public.
5. Information gathered will not be used for the purpose of substantially informing influential policy decisions.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?
[X] Yes [] No

If Yes: Please provide a description of both below (or attach the sampling plan)

- a. **Customer list that defines the universe of potential respondents:** As part of the CDC Data Modernization Initiative (DMI), we have asked State, Territory, Local, Tribal (STLT) health department staff - who touch data at any point along the data ecosystem (e.g., collection to reporting) - to sign up to participate in future research and pilot partner activities. In this sign-up sheet, they listed their health department, type of health department (e.g., local, state, territory), and areas of expertise.
- b. **Segmentation plan:** We plan to invite all those on the list who meet our inclusion criteria for the focus groups, usability studies, interviews, and other research activities. The focus groups will be segmented by condition (Legionnaires' disease, listeria, HIV, childhood lead) and type of health department (local health departments, state/territory/big city health departments), type of jurisdiction, job role, and location.
- c.

If No: Please provide a description of how you plan to identify your potential group of respondents and how you will select them or ask them to self-select/volunteer
