

Intro

Thank you for participating in the 2023 OneLab Summit. Please provide feedback on the 2023 OneLab Summit to help CDC improve strategies to deliver timely, relevant, and valuable information to the laboratory community during OneLab Summit in future years. The survey will take approximately 10 minutes to complete. Participation in this survey is voluntary and all responses will remain anonymous. No unique identifying information will be sought or kept. We will use survey information in aggregate to help improve future OneLab Summits. If you have any questions about this evaluation, please email onelab@cdc.gov.

CDC estimates the average public reporting burden for this collection of information as 10 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, SD-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1050).

Are you returning to this survey to receive additional P.A.C.E.® credits? (Please select "No" if you have not already completed this survey) *
