

APHL-CDC Fellowship/Internship/Genomic Data Internship Survey

Invitation to Participate

To help recruit, train, and retain a diverse public health laboratory workforce and advance health equity, the Centers for Disease Control and Prevention (CDC) and the Association of Public Health Laboratories (APHL) are working to ensure that candidates from a wide variety of backgrounds and communities have the opportunity to apply for the Career Pathways in Public Health Laboratory Science Program. APHL and CDC invite you to complete this anonymous survey to gauge promotion and recruitment efforts for the program. It should take no more than 5 minutes to complete.

This survey is voluntary. You may choose to skip questions by selecting "Prefer not to answer." Regardless of whether you chose to answer the questions, please return to the Career Pathways application portal and type "CONFIRMED" in the text box below to acknowledge that you accessed the survey.

The information collected is anonymous and cannot be linked back to your (Fellowship/Internship/Genomic Data Internship) application. Data will be analyzed and reported only in aggregate for internal use to inform APHL and CDC of the promotion and recruitment efforts for the program.

We appreciate your time and thank you in advance for your participation. If you encounter issues with the survey or have any questions about this assessment of the APHL-CDC Public Health Laboratory (Fellowship/Internship/Genomic Data Internship) Program, please email dlsevaluation@cdc.gov.

CDC estimates the average public reporting burden for this collection of information as 5 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, SD-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1050).

Do you choose to complete this survey, which should take no more than 5 minutes to complete?

Yes

No - send me directly to the final screen

Introductory language for Matched Fellows/Interns/Genomic Data Internships

Invitation to Participate

Congratulations! We are so thrilled that you have been selected for the APHL-CDC Public Health Laboratory (Fellowship/Internship/Genomic Data Internship) program and matched with a host laboratory.

To better understand various aspects of diversity of the individuals who were selected to participate in this most recent cohort, APHL and CDC invite you to complete an anonymous and voluntary survey. You may have filled out the same survey during the application process to help us understand the effectiveness of our promotion and recruitment efforts. However, we need your help again since the de-identified information previously collected cannot be linked back to your application.
