

Three-Month Survey: Module WB4518, Talking about Naloxone

OMB Control No. 0920-1050

Exp. Date 06/30/2025

The public reporting burden of this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to - CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333 ATTN: PRA (0920-1050)

Now that it has been approximately three months since your completion of the CDC training module WB4518, **Talking about Naloxone**, we are interested in understanding how you have applied what you learned. Please take a moment to complete this short survey and provide your feedback in the comment boxes below.
