

Instrument 2: Pre-Work Assignment: Data Collection Planning Worksheet

Culture of Continuous Learning Project: A Breakthrough Series Collaborative for Improving Child Care and Head Start Quality

Respondents	Time of Data Collection		
BSC Teams (Team Data Manager and Senior	Baseline (T1)		
Team Leader)			

Note: Specific metrics in this data collection worksheet are illustrative; different metrics may be included depending on the findings discovered during the implementation process. This data collection worksheet was pulled from CCL Phase I instruments and has been adapted to meet the needs of the current project.

Metrics will be selected based on relevance at time of data collection such that the time to complete the data collection worksheet is no more than 120 minutes.

Purpose

This worksheet is intended to help you think about how you will collect and share the monthly and periodic metrics as part of the Breakthrough Series Collaborative to Support Social and Emotional Learning Practices. We hope that you will find it to be a helpful tool in your planning efforts!

	Metric	How will the data be collected?	Who will collect the data?	When will the data be collected? Where will it be collected & stored?	What tools, resources, and supports do we need?
1.	Child Attendance: Total # of children (including full-time and part-time students) who were absent for any reason (planned, excused, or unexcused) 0, 1, or 2 times during the month
