

Hello,

We are excited to announce the launch of the 2024 NASA Technology Transfer Program Industry Survey.

This survey is an important step to help NASA gain additional perspective into the licensee experience, assess the impact of NASA technologies beyond the federal sector, and improve the agency's ability to serve companies and entrepreneurs.

This quick and informative survey focuses on key parts of the NASA technology licensing process and the impact of licenses for industries. It should take no more than 4 minutes to complete.

**Please complete this survey no later than May 31st, 2024**

The survey link is here: <https://www.surveymonkey.com/r/83VBMRZ>

Thank you in advance for your participation and contribution to NASA Technology Transfer success.
