

Be Part of History!

Ever wondered what cities will sound like in the future? Here's your chance to influence the future of air travel—and get paid for it!

What You'll Do

- Participate in a groundbreaking sound perception study
- Listen to and evaluate various aircraft sounds
- Share your honest feedback about what you hear

What You'll Get

- \$25 reward (gift card)
- Directly influence how tomorrow's city will sound

Who Can Participate

- Adults 18yrs of age and older from diverse geographic areas (Dallas, Ft. Worth, Los Angeles, New York)
- No special knowledge or expertise required
- Computer and Internet Access is required
- Approximately 45-60 minutes of your time

Why It Matters

Your feedback will directly shape how future aircraft are designed to minimize sound impact in communities. This is your opportunity to ensure tomorrow's air mobility works for everyone.

How to Join

Sign up now to secure your spot! Limited positions are available across different regions. We will be selecting up to 400 participants from the Dallas, Ft. Worth, Los Angeles, New York/New Jersey area to help create a quieter, more sustainable future of flight.
