Section 3506(c)(2)(A) of the PRA, 44 U.S.C.

3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed renewal of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing a notice of the proposed renewal of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.¹

Title: Regulations Establishing and Governing the Duties of Swap Dealers and Major Swap Participants, OMB Control Number 3038–0084. This is a request for a renewal of a currently approved information collection.

Abstract: On April 3, 2012,² the Commission adopted Commission regulations 23.600 (Risk Management Program for Swap Dealers and Major Swap Participants), 23.601 (Monitoring of Position Limits), 23.602 (Diligent Supervision), 23.603 (Business Continuity and Disaster Recovery), 23.606 (General Information: Availability for Disclosure and Inspection), and 23.607 (Antitrust Considerations)³ pursuant to section 4s(j)⁴ of the Commodity Exchange Act (CEA). The above regulations adopted by the Commission require, among other things, swap dealers (SDs)⁵ and major swap participants (MSPs)⁶ to: (1) develop robust and professional risk management systems adequate for managing the day-to-day business of the SD or MSP; (2) monitor its trading in swaps to prevent violations of applicable position limits; (3) disclose to the Commission and to the prudential regulator for the SD or MSP, as applicable, information concerning (A) terms and condition of its swaps, (B) swap trading operations, mechanisms, and practices, (C) financial integrity protections relating to swaps, and (D) other information relevant to its trading in swaps; and (4) establish and enforce internal systems and procedures to obtain any necessary information

needed to perform their duties and to provide such information to the Commission and any applicable prudential regulator. The Commission believes that the information collection obligations imposed by the above regulations are essential to ensuring that SDs and MSPs maintain adequate and effective risk management.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including using appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act (“FOIA”), a petition for confidential treatment of the exempt information may be submitted according to the procedures established in Section 145.9 of the Commission’s regulations.⁷

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Requirement will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under FOIA.
