

Non-substantive Change Request for Information Collection 3060-1133

The Commission is requesting a non-substantive change request for collection 3060-1133. FCC Form 308, the numbering of some items was updated to be more intuitive. For example, question 8.a had no immediately subsequent questions related to it, so it was renamed to question 8. The confidential attachments language was rearranged on the form to reflect the common format across systems covered by the International Communications Filing System. The changes do not alter the information requested from applicants nor affect the burden of completing the form.
