Subject: National Science Foundation Reference Request from Chris Evans!

You've been requested to provide a reference in NSF ETAP!

Dear Sophia Wade,

Chris Evans is applying to one or more Opportunities through the National Science Foundation's Education and Training Application (ETAP) and has identified you as a reference writer.

A message from Chris to you: *Hi Professor Wade, This is Chris Evans and I am applying for the CCBC Long Q 5 Opportunity at Cornell University. The opportunity is related to the Platform for the Accelerated Realization, Analysis, and Discovery of Interface Materials (PARADIM). Reference letters are due by October 31, 2022. I appreciate your help in this matter. Please let me know if you have any questions. Thank you, Chris*

Personalized message from applicant to reference writer

Reference letters in ETAP are confidential, accessible only by those Opportunities to which the applicant is applying. Click the following link to provide feedback and upload a letter:

<https://etap.dev.nsf.gov/reference-writer/21823baf-0d29-453b-a14fe76324c7f712>

This unique link takes the reference writer to the reference letter form shown on the next page

Chris's application is not complete until you submit your reference.

Thank you for your collaboration!

ABOUT

ETAP helps people find and apply to Education and Training Opportunities funded by the U.S. National Science Foundation (NSF). Principal Investigators of NSF Awards can customize NSF's ETAP application to provide opportunities for applicants to participate in. Every year, more NSF Opportunities are being managed through NSF ETAP. However, ETAP does not include all of NSF Education and Training Opportunities available.
