Federal Office of Rural Health Policy Community-Based Division Rural Health Network Development Program (RHND) Performance Improvement and Measurement Systems (PIMS) Database

Public Burden Statement: The purpose of this program is to support integrated rural health care networks that collaborate to achieve efficiencies; expand access to, coordinate, and improve the quality of basic health care services and associated health outcomes; and strengthen the rural health care system as a whole. The information gathered will be used in evaluating FORHP's progress in achieving the above purpose and goals of the program. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0906-0010 and it is valid until 3/31/2027. This information collection is required to obtain or retain benefits (Section 330A(f) of the Public Health Service Act, 42 U.S.C. 254c(f), as amended. Public reporting burden for this collection of information is estimated to average 48.8 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, Maryland, 20857 or paperwork@hrsa.gov. Please see https://www.hrsa.gov/about/508-resources for the HRSA digital accessibility statement.

MEASURES

Instructions: Please review and respond to each question listed below. Provided answers should <u>only</u> reflect information that has resulted from your network's use of the Rural Health Network Development (RHND) funding. Do not leave any question blank, if a question does not pertain to your program, please follow the question instructions. Unless otherwise noted, please answer each of the below questions using data collected from the most recent grant funding year.

Section 1: Network Collaboration

1) *Table Instructions:* Please identify the types and number of network participants who are participating in the RHND Grant. Network participants are defined as members who have signed a Memorandum of Understanding or Memorandum of Agreement or have a letter of commitment to participate in the network. Network participants do not include other organizations who are playing a role in the grant but have not signed a Memorandum of Understanding or Memorandum of Agreement or do not have a letter of commitment. If the organization type is not applicable, please insert 0. DO NOT leave any space blank under the current budget year for your grant. If you mark "Other", please specify the type of member organization in the comment section below.

Type of Participant	Year I	Year II	Year III	Year IV
Organizations				
Area Health				
Education Center				
Accountable Care				
Organization				
Behavioral/Mental				
Health Organization				
Community College				

Community Health			
Center			
Critical Access			
Hospital			
Emergency Medical			
Service			
Federally Qualified			
Health Center			
Faith Based			
Organizations			
Free Clinic			
Health Department			
Home Health Care			
Agency			
Hospice			
Hospital			
Long Term Care			
Facility			
Migrant Health			
Center			
Private Practice			
Primary Care

Hospital			
Rural Health Clinic			
School District			
Social Services			
Organization			
Tribal Organization			
University			
Other			
Total	Automatically		
	calculated by system	l	I

2) *Table Instructions:* Assess the overall benefits realized by network members as a result of being in the network during the current budget year. Select 'Yes' for all that apply and 'No' for those that do not apply. Do not leave any space blank. Definitions of each type of network benefit can be found in the RHND Program Reference Guide. Please provide any specific network benefit examples you wish to share in the comment section below.

Note: Only assess the below benefits for the network funded by the RHND grant.

Type of Network Benefit	Yes	No
Financial Cost Savings		
Efficiencies		

Quality Improvement	
Access to Educational	
Opportunities	
Improved Care	
Transitions	
Access to Equipment	
Branding/Marketing	
Development of	
workforce that is	
change ready and	
adaptable	
Knowledge Sharing	
Understanding of	
community health	
needs	
Opportunities for	
Innovation	
Policy Development	
Other Capacity	
Building: Please	
specify	
Other: Please specify	

3) *Table Instructions*: Indicate the funding strategy that your network currently utilizes and the percent of total network budget. If you select "Other", please specify the funding type and percent of your network budget. You may select as many funding strategies as apply. <u>Do not</u> leave any space blank, if the network does not utilize a type of funding, mark 0. The sum of all strategies should not exceed 100%

Type of Funding	Year I	Year II	Year III	Year IV
Indirect Funding/In-	%			
kind Contributions				
Reimbursement from				
Third Party Payers				
Fees for Services,				
Value-Based Care,				
Events, Consulting;				
Products Sales				
Membership Fees				
Donations				
Grants				
Government Budgets				
Other (Specify)				

4) **ONLY YEAR 4**: What percent of the future cost of network operations do you project will be covered by grant funds after the RHND grant is complete (June 30, 2027)?

All (100%)

Most (50-99%)

Some (Less than 50%)

None (0%)

5) **ONLY YEAR 4**: Please indicate the percent of programs created or enhanced through this grant funding that will continue to sustain after the funding ends.

More (Expanded) All (100%) Most (50-99%) Some (Less than 50%) None (0%)

- 6) ONLY YEAR 4: Will the formal network continue after this grant funding? Y/N
 - a. Please explain the factors that will contribute to your formal network sustaining or ending after this grant.
- 7) *Table Instructions*: Please review the following components of network sustainability and indicate where your network falls on the scale. Definitions for the sustainability components can be found in the RHND Program Reference Guide. If you mark "other", please specify in the comment section below, otherwise, please leave blank.

Sustainability Component	Never	Sometimes	Often	Always	Don't Know
					1220 //
Strategic Vision					
Collaboration					
Leadership					
Relevance and Practicality					
Evaluation and ROI					
Communication					
Efficiency and Effectiveness					
Capacity					
Other: Please specify					

Section 2: Demographics and Services

8) **Table Instructions:** This table collects information about an aggregate count of the people served by race, ethnicity, and age. The total for *each* of the following questions **should equal the total**of the number of unique individuals who received direct services. This number represents the total number of people served by all of the activities outlined in your work plan and includes all direct clinical (if applicable) and non-clinical people served by the program. Direct services are

defined as a documented interaction between a patient/client and a clinical or non-clinical health professional that has been funded with this grant. Examples of direct services include but are not limited to patient visits, counseling, and education. Please do *not* leave any sections blank. There should not be a N/A (not applicable) response since the measures are applicable to all awardees. If the number for a particular category is zero (0), please put zero in the appropriate section (e.g., if the total number that is Hispanic or Latino is zero (0), enter zero in that section). Response totals reported for each measure in this section must equal the total *number of individuals who received direct services (Question 12)*. Please refer to the specific definitions for each field below for additional measure guidance and instructions.

Hispanic or Latino Ethnicity

- Hispanic/Latino: Report the number of persons of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, broken down by their racial identification and including those Hispanics/Latinos born in the United States. Do not count persons from Portugal, Brazil, or Haiti whose ethnicity is not tied to the Spanish language.
- Non-Hispanic/Latino: Report the number of all other people except those for whom there are neither racial nor Hispanic/Latino ethnicity data. If a person has chosen a race (described below) but has not made a selection for the Hispanic/non-Hispanic question, *the patient is presumed to be non-Hispanic/Latino*.
- Unknown: Report on only individuals who did not provide information regarding their race or ethnicity.

Race

All people must be classified in one of the racial categories (including a category for persons who are "Unknown"). This includes individuals who also consider themselves Hispanic or Latino. People who self-report race, but do not separately indicate if they are Hispanic or Latino, are presumed to be non-Hispanic/Latino and are to be reported on the appropriate race line.

People sometimes categorized as "Asian/Other Pacific Islander" in other systems are divided into three separate categories:

- Asian: Persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Indonesia, Thailand, or Vietnam
- Native Hawaiian: Persons having origins in any of the original peoples of Hawaii
- Other Pacific Islander: Persons having origins in any of the original peoples of Guam, Samoa, Tonga, Palau, Truk, Yap, Saipan, Kosrae, Ebeye, Pohnpei or other Pacific Islands in Micronesia, Melanesia, or Polynesia
- American Indian/Alaska Native: Persons who trace their origins to any of the original peoples of North and South America (including Central America) and who maintain Tribal affiliation or community attachment.
- More than one race: Use this line only if your system captures multiple races (but not a race and an ethnicity) and the person has chosen two or more races. "More than one race" must not be used as a default for Hispanics/Latinos who do not check a separate race.

	Year I	Year II	Year III	Year IV
Number of individuals served by ETHNICITY:				
Hispanic or Latino				
Not Hispanic or Latino				
Unknown				
Total (equal to the total of the number of unique individuals served)	(Automatically calculated by system)			
Number of individuals served by RACE:				
American Indian or Alaska Native				
Asian				
Black or African American				
Native Hawaiian or Other Pacific Islander				
White				
More than one race				
Unknown				
Total (equal to the total of the number of unique individuals served)	(Automatically calculated by system)			
Number of individuals served, by AGE GROUP:				
Children (0-12)				
Adolescents (13-17)				
Adults (18-64)				
Elderly (65 and over)				
Unknown

served)	system)		

9-14) Table Instructions: Please fill out the following information about an aggregate number of people served through your project funded by the RHND Program during this budget period. Please provide numerical answers. If the total number is zero (0) please put zero in the appropriate section. Do not leave any sections blank or provide N/A (not applicable). All awardees must answer every question.

		Year I	Year II	Year III	Year IV
9	Number of people in the target population during this budget period.				
10	Number of unique individuals (i.e. unduplicated count) who received direct services that were funded with this grant.				
11	Number of unique individuals served by all activities, including direct and indirect services that were funded with this grant.				
12	Total number of counties where the target population resides. Example: Your network has anticipated carrying out activities in 4 counties in this budget period.				
13	Total number of counties served in the project during this budget period. Example: Your network has carried out activities in 3 counties this budget period.				
14	Identify the counties served in the project during this budget period.				

15) Table Instructions: Please indicate the types and number of new, continued, and/or expanded service areas provided by the network as a result of the RHND grant funding. Please mark all that apply.

Type(s) of new, continued, and/or expanded service area(s) provided by the network as a result of the RHND grant funding	Year I	Year II	Year III	Year IV
Health and Wellness:				
Cardiovascular Disease

None- Explain	open- ended response		

15) What is your ratio for Economic Impact vs HRSA program funding? *Note*: Please use the HRSA's Economic Impact Analysis Tool to identify your ratio https://www.ruralhealthinfo.org/econtool. Responses should reflect the ratio for the annual economic impact for your grant's budget year funded for your project's annual and cumulative reporting period.

	Year 1	Year 2	Year 3	Year 4
What is your ratio for Economic Impact vs. HRSA Program Funding? Yearly	Ratio	Ratio	Ratio	Ratio
What is your ratio for Economic Impact vs. HRSA Program Funding? Cumulative	n/a	n/a	n/a	Ratio

Section 3: Health Information Technology and Telehealth

16) **Table Instructions**: Please indicate if you used RHND grant funds to implement/install, use, or expand use of Health Information Technology.

	Yes	No
Implemented		
Use		
Expansion		

17) **Table Instructions**: This section collects information about Health Information Technology (HIT) activities as part of the RHND Program. If your program has used grant funds to implement/install, use, or expand use of Health Information Technology, please indicate below the types of HIT utilized or not utilized. If your program did not use any type of HIT, please mark "no" for the corresponding activity.

Types of HIT Implemented, use, or expanded through this program (please check all that apply)	Yes	No
Computerized Order entry		
Electronic medical records/electronic health records		
Health information exchange		
Patient/disease registry

Care Management Tools		
Summary of Care Records		
Other		
None		

- 18) Does your network exchange clinical information electronically with other key providers/health care settings such as hospitals, emergency rooms, or subspecialty clinicians?
- 19) Does your network use health IT to coordinate or to provide enabling services such as outreach, language translation, transportation, case management, or other similar services?
- 20) *Table Instructions: Telehealth:* This table collects information about telehealth activities as part of the Rural Health Network Development Program.

For purposes of these reporting measures, Telehealth is defined as: "the use of electronic information and telecommunication technologies to support remote clinical services and remote non-clinical services." Please see the PIMS Reference guide for further guidance.

a	Did your organization use telehealth to provide	Year I	Year II	Year III	Year IV
	remote clinical/non-clinical care services?				
	(Yes/No)				
	If yes, then answer the following two questions:				
	i. Who did you use telemedicine to communicate with? (Select all that apply)				

b. Specialists outside your organization (e.g., specialists at referral centers) ii. What telehealth technologies did you use? (Select all that apply) a. Real-time telehealth (e.g., live videoconferencing) b. Store-and-forward telehealth (e.g., secure email with photos or videos of patient examinations) e. Remote patient monitoring d. Mobile Health (mHealth) If no, then answer the following question: If you did not have telehealth services, please comment why (select all that apply) a. Have not considered/unfamiliar with telehealth service options b. Policy barriers (Select all that apply) 1) Lack of or limited reimbursement Credentialing, licensing, or privileging 2) Privacy and security 3) Other (specify): c. Inadequate broadband/telecommunication service (Select all that apply) 1) Cost of service 2) Lack of infrastructure 3) Other (specify): d. Lack of funding for telehealth equipment e. Lack of training for telehealth services f. Not needed g. Other – specify: b Number of consortium/network sites providing/using relevant telehealth services. Note: if telehealth services are no longer available at any of the network sites, please detail this in the form		a. Patients at remote locations from your organization (e.g., home telehealth, satellite locations)				
(Select all that apply) a. Real-time telehealth (e.g., live videoconferencing) b. Store-and-forward telehealth (e.g., secure email with photos or videos of patient examinations) c. were trained, educated, or supported through		
telehealth/telemedicine during the budget period. For		
example, Project ECHO.		

Section 4: Direct Clinical Services (if applicable)

21) Number of unique individuals who received direct clinical services during this budget period

_	Year I	Year II	Year III	Year IV
Number of				
unique				
individuals				
who received				
direct clinical				
services during				
this budget				
period.				

22) **Table Instructions:** Please use your electronic patient registry and/or electronic health records system to extract the clinical data requested for patients served through the RHND program as applicable.

Please refer to the specific definitions for each field below and consult each measure's web link provided for additional measure guidance and instructions. Please indicate if this measure is applicable to your program or not. If it is applicable, provide the requested information. If it is not applicable to your program, please mark the first column "No". All responses reported should be reflective of grant project target intervention patient population values only. The denominator should not be larger than the total of the number of unique individuals served in Question 20.

Note: Please complete responses, as data/information is available to do so. If data/information is not available, please utilize the form comment box for provision of any additional necessary information needed for interpreting values reported in this section.

		Is this measure applicable to your program? (Yes/No)	Numerator	Denominator	Percent
1	NQF <u>1789</u> : Hospital-Wide All Cause Readmission				
2	CMS138v11: Tobacco Use: Screening & Cessation Intervention
